2250 PAPERS PRINTED TODAY

STEP-MOTHER AND FATHER OF HILBERT BOY ARRESTED TODAY

Mr. and Mrs. Herman Hilbert Are Taken at Their Home Near Orange on Suspicion.

NO DIRECT CHARGES FILED

Coroner's Verdict Not Yet Filed, but it is Hinted he is Convinced Boy Was Poisoned

THE BODY MAY BE EXHUMED

Mr. and Mrs. Hilbert Declare Innocence, Asserting Strychnine Was Kept to Kill Rats

Herman Hilbert and his wife, Mrs. Lillian Hilbert, of near Orange were arrested shortly before noon today on suspicion growing out of the mysterious death of Hilbert's seven-year-old boy, Russell J. Hilbert, last Saturday afternoon. They were placed in the Fayette county jail and will probably be given a preliminary hearing tomorrow. As yet no charges have been placed against either one of the two and they are merely held on the supposition that they know more than has been told about the boy's death.

When arrested both Mr. and Mrs. Hilbert broke down and cried. They stoutly maintain their innocence and declare that the strychnine which caused the boy's death, according to a chemical analysis of the boy's stomach made in Indianapolis, was kept in the house for the purpose of killing some rats. They maintain that his death was accidental.

Sheriff Hendrickson and Deputy Joe Jessop went to the little home south of Orange where the arrest was made. Neither Mr. Hilbert nor his wife offered any resistance. They were taken to Glenwood where a car was boarded for Connersville.

Coroner Cooper has not yet filed his verdict in the case, but is about satisfied that the cause of death was strychnine poisoning. It was intimated that the body of the little boy would be exhumed in order that a further examination might be made. It was stated in Connersville that this would have been done today but the weather interfered.

Coroner Cooper is said to desire another chemical test, although two have already been made and both showed strychnine poisoning. The arrest of Mr. and Mrs. Hilbert caused a sensation in Orange and the surrounding community, although it was expected as the developments of the past two or three days revealed. The word spread like wild-fire and the entire neighborhood knew of the occurrence soon after it happened.

Mr. and Mrs. Hilbert are probably forty years old. She is his second wife and the boy was by his first wife who is living in Connersville. The first wife has the custody of a daughter, the only other child of Hilbert. In the divorce decree he was given the little boy and the mother was given the daughter.

The past domestic troubles between Hilbert and his divorced wife are said to be hinted at in finding a motive as to why Mr. and Mrs. Hilbert should want the little boy out of the way. He was recently cited for contempt of court for failing to follow the decree of the court which provided that he should bring the little boy to Connersville at stated periods to visit his mother and sister. The hearing on the contempt proceedings were scheduled to come up soon in the Fayette circuit court.

Whether an investigation will disclose this as a motive remains to be seen. The officials have not intimated another motive and if they have one it is being kept in the background.

It was stated that the coroner will closely question the parties in the jail in an attempt to gain some additional information. It is considered

rather unusual to make arrests on so grave a charge as is intimated may come without first filing charges. The coroner, however, stated that he had the right to order their arrest on information and it is on the strength of this that they are held.

REWARD OF \$100 IS OFFERED FOR CAPTURE

Chief of Police Yakey Gets Message Telling of Bank Robbery at Greensfork Early Today

BANDITS ESCAPE IN 2 AUTOS

Chief of Police Yakey received a telegram this afternoon from Sheriff Carr of Wayne county offering \$1,000 reward for the capture of yeggmen who early today blew the safe of the First National bank at Greensfork, eleven miles northwest of Richmond, and escaped in two automobiles with \$8,000.

Shortly before the police chief got the telegram, the Daily Republican received a United Press dispatch giving the details of the robbery. The bandits blew off the two outside doors of the safe and then melted the time combination with a torch. This led the Wayne county sheriff to look for scorched money as a means of identification.

Ed. Allen, a baker, looking across the street, heard the explosion, according to the dispatch, but several men were standing guard in front of his building and prevented him from sounding the alarm.

UNIVERSAL TRAINING BILL IS SUBMITTED

General Staff's Plan is Put up to Congress by President Wilson For Action

PROVISIONS OF MEASURE

Washington, Feb. 23.—The universal training plan of the general staff was submitted to congress today by President Wilson. War department officials say the plan if put into effect would raise and train an army of 50,000 men every year. The plan calls out all able bodied male citizens in their nineteenth years for eleven months continuous training to be followed by two repetition courses of two weeks each, one in their twentieth year and one in their twenty-first year. All male citizens not exempted who had completed their training are liable for service in the first reserve for four years and one month; in the second reserve for seven years.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 23.—Buddy Williams visited the house of representatives and was perched on a page's stool watching the proceedings when some of the members thought he was a page and put him to work. Buddy declared he didn't "want to visit the legislature again because there's too much work."

C. O. Patton of Milroy was in the city today.

Charles Carney of Glenwood attended to business here today.

Ralph Armstrong of New Salem was a business visitor here today.

Thomas Lawson, living three miles east of Milroy, was painfully hurt this morning while trying to remove a heavy timber from the loft of his barn. The middle finger on his right hand was severely mashed.

MISSIONARIES TO CONDUCT MEETING

Those Who Have Seen Services in Philippines, Japan and Belgian Congo Here Next Monday

TO BE AT CHRISTIAN CHURCH

Morning, Afternoon and Evening Sessions Will be Held and Interesting Exhibit Will be Shown

A missionary convention will be held at the Main Street Christian church next Monday. It will be conducted by the Rev. W. H. Hanna, of the Philippines, who will be assisted by the Rev. C. F. McCall of Japan, and the Rev. C. P. Hedges, of the Belgian Congo.

Mr. Hanna has spent fifteen years in the Philippines and knows the situation there thoroughly. He will speak briefly two or three times. Mr. McCall has spent seven years in Japan. He has been an evangelist and teacher.

Mr. Hedges has spent two terms in the Belgian Congo. He has done everything that any missionary is called upon to do. He has taught; he has preached; he has printed books; he has erected buildings; he has given medicine to those who are sick. He has a most interesting story to tell about the progress of the gospel in the Belgian Congo.

Several ministers and laymen of the district will also speak in the course of the day. The walls will be covered with maps and charts. There will be a table full of literature. This exhibit will be worth going a long way to see.

The service will open at ten o'clock and continue until twelve. The afternoon service will begin at two and continue until four. There will be a meeting at night at which pictures will be shown. These pictures illustrate the work on the fields.

Christians of all communions will be welcome. There will be no call for pledges or cash offerings. Admission will be free. The convention will be a great event in the life of the participating churches, it is declared.

RUSH COUNTY BANK GETS 2 BOND ISSUES

Sale Today of \$11,400 Worth to Build the Leander M. Carr and Theodore Humphrey Roads

FOUR OTHER BIDS OFFERED

The Rush County National bank was the successful bidder for two bond issues totaling \$1,400 this afternoon at the county treasurer's office. The issues were \$6,200 for the construction of the Leander M. Carr road in Anderson township and \$5,200 for the building of the Theodore Humphrey road in Richland township.

The Carr bonds brought \$115.94 premium and the Humphrey bonds brought a premium of \$97.54.

Other bids were as follows: Carr road—Breed, Elliott and Harrison, \$25; R. L. Dollings, \$62; Peoples National Bank, \$78; Rushville National bank, \$93. Humphrey road—Breed, Elliott and Harrison, \$21; R. L. Dollings, \$52; Rushville National bank, \$80; Peoples National bank, \$65.

SHOOTS CARRIER PIGEON

Will Billings, living northwest of Milroy, killed a rare pigeon which is believed to be a carrier though no one who has seen it is certain what breed it is. A band around one of its legs led to the belief that it was a carrier. There was no message or identification mark on the bird. There was another flying with the pigeon killed, but it escaped.

FOUR SCHOOLS TO BE CONSOLIDATED

Buildings in Districts No. 1, 9, 10 and 11 in Rushville Condemned by State Board of Health

ANTICIPATED BY TRUSTEE

James V. Young Has Architect Working on Plans and Will Erect \$35,000 Building This Summer

Dr. W. C. Smith, county health commissioner, this morning received the official order from the state board of health condemning four school houses in Rushville township. The four schools are those previously mentioned as being inspected with this end in view. They are schools No. 1, No. 9, No. 10 and No. 11.

The order was read to Trustee J. V. Young as required by law and this afternoon notices were posted at all four of the schools that the buildings could not be used for school purposes after the close of the present term of school. Dr. Smith personally attended to the posting of the notices.

Trustee Young has anticipated the action of the health board and has an architect working on plans for a modern six-room building and will consolidate these four schools. The new building will be erected on the site of the Webb school known, as district No. 10.

The new building will be fire-proof and it is hoped to have it completed in time for the opening of school next September. The estimated cost of the new consolidated school will be between \$30,000 and \$35,000. Will C. McGuire is the architect.

All four of the old buildings are in bad condition. While the trustee favored the change he had no authority to order the new building and the patrons of the schools co-operated by signing a petition asking for an inspection with a view of getting the buildings condemned.

It is planned to have a high school in connection with the new school, something that none of the four schools had previously. It is hoped to make the new building one of the finest in the county. All of the schools affected by the change are located south and southwest of the city.

JURY GIVES GIRL A JUDGMENT FOR \$1,000

Bertha Manning is Awarded This Sum in Breach of Promise Suit Against Chester L. Jinks.

JURORS OUT ONLY ONE HOUR

Bertha L. Manning was given a judgment for \$1,000 by the jury which heard her breach of promise suit against Chester L. Jinks. Miss Manning demanded the sum of \$5,000. The case went to the jury shortly before noon. No ballots were taken until after the jury returned from dinner and the verdict was brought in one hour later.

The closing arguments were started late yesterday afternoon and completed this morning. The arguments this morning between Chauncey Duncan and A. J. Ross became personal and it was necessary to send for the judge several times. Judge Sparks found it necessary to admonish the attorneys, telling them that their tactics were getting cheap.

The case attracted considerable attention, especially in Noble and Richland townships, where the parties reside. It is generally believed that Jinks' testimony aided Miss Manning's case as the story he told on the witness stand evidently was not taken seriously by the jury.

RECEIVERSHIP IS ASKED

Suit is Filed Against George W. Fleener on Account for \$100

Carl Sonnenschmidt and Herman Junge have filed suit against George W. Fleener, a florist of this city, demanding \$100 on an account and asking for a receiver. The complaint alleges that Fleener is indebted to the plaintiffs in the sum of \$76.12 and has transferred his property for the purpose of cheating his creditors. It is alleged that the property is liable to depreciate and for this reason a receiver is asked.

EFFIE CARNEY IS GRANTED DIVORCE

Decree Given Her on Cross-Complaint and She is Allowed \$2,800 and Child's Custody

\$5 A WEEK FOR SUPPORT TOO

William Cross is Given Possession of His Ten-Acre Farm From His Son Irvin Cross

Judge Sparks handed down two decisions this morning in cases he has under advisement, granting a divorce to Mrs. Effie Carney from Clarence Carney on her cross-complaint and giving William Cross possession of his ten acre farm from his son, Irvin Cross.

Mrs. Carney was given the sum of \$2,800 alimony, \$200 attorney fees, the custody of their minor child and an allowance of \$5 a week for the support of the child. This divorce suit was tried last term of court and attracted considerable attention because of the prominence of the parties.

Mr. Carney brought the action for divorce and Mrs. Carney fought the granting of a divorce to him on a cross-complaint. The alimony and attorney fees amounting in all to \$3,000 are to be paid as follows: \$1,000 within 60 days; \$1,000 within one year and the remaining \$1,000 within 2 years. Mr. Carney is to give security for these amounts within 30 days or the entire amount becomes due at once.

This is the largest alimony granted in a divorce suit in the local court in several years. In many cases the money question is agreed upon but in this case the entire case was left to the court. The costs of the case were assessed against the plaintiff, Mr. Carney.

In the Cross case the costs were placed against the defendant Irvin Cross. In this case father was arrayed against son. The suit started when trouble arose between William Cross and his daughter-in-law. She had him arrested and fined in a justice of peace's court and Cross then brought the possession suit.

The suit of the Whittaker Paper company against Froyne L. Behymer, Josephine Punttenney, George Punttenney and Will L. Newbold, on an account, demanding \$400, was dismissed and the costs paid.

U. S. MISSIONARY IS KILLED

Robert A. Hadden Loses Life When French Liner is Sunk.

(By United Press.)

London, Feb. 23.—Robert Allen Hadden, American missionary, was killed when the French liner Athon was sunk by a submarine 210 miles east of Malta on February 17, the state department announced today.

The information reached the state department in a dispatch from the consul at Malta.

Dora Gwinnup of Andersonville was in the city today on business.

Charles Roach of New Salem spent the day here on business.

ATTENTION TURNS TO FOOD PROBLEM

President is Expected to Take Some Step to Force Appropriation For An Investigation

SCOFFS AT EMBARGO TALK

Car Tie-up Today Believed to be at Breaking Point—Appropriations to be Asked

(By United Press.)

Washington, Feb. 23.—The United States government today turned its attention to the national food problem. The president is expected to take some definite step to force an appropriation for an investigation of prices through congress.

In spite of the food riots and other spectacular evidences of acute suffering as a result of food shortages, officials here scoffed at reports of a possible embargo on all food shipments.

Congress expected to take definite action on the situation before adjourning. Representative Meyer London, New York, has introduced a bill asking for an appropriation of five million dollars with which to buy food to be resold at reasonable prices to the poor and a combination of senators is secretly making plans to ask one hundred million dollars for the same purpose.

The car tie-up in the opinion of the interstate commerce commission and railroad officials, was at the breaking point today. Railroads took advantage of the holiday yesterday and clearing weather to rush great strings of empty freight cars west at express train speed.

An amendment to the revenue bill empowering the president to seize foodstuffs "wrongfully held for the purpose of unjust increases in prices" in violation of anti-trust laws was introduced in the senate today by Senator Lewis, administration leader.

The amendment is aimed at the cold storage interests which the federal trade commission is known to hold largely responsible for the present food price situation.

The amendment provides that food thus confiscated are to be at once sold by the federal government "to those whose necessities are first to be met."

FOOD RIOTS CONTINUE

Steps Being Taken for Release of Situation at Albany

(By United Press.)

New York, Feb. 23.—Food rioting continued today in New York as the height of Sabbath food buying among Jewish people was reached. Steps for release of the situation were being taken at Albany. Governor Whitman has approved a bill which would establish a food dictator for the state. The demands will be made on city officials to appropriate one million dollars to open municipal stores and another million to be turned over for school luncheons, and that steps be taken for the government to take over railway systems for food transportation. Other demands will be that food shipments will be given preference over all others; that cities seek a commission to regulate food shipments and that a demand be made on the legislature that will give power to the state to relieve the situation.

2-WEEKS-OLD CHILD DIED

The two-weeks-old child of Mr. and Mrs. Harry Lyons, living three miles north of Milroy, died last night of leakage of the heart and burial took place at the Milroy cemetery after brief services were held at the residence conducted by the Rev. H. P. Philippi of the Milroy Christian church this afternoon.

—John McKee, Miss Kathleen McKee and Miss Helen Moore went to Indianapolis today to attend the state oratorical contest to be held in the Central Christian church. Claude Sipe, a cousin of the Misses Moore and McKee, is to represent Hanover college in the contest.

Amusements

The Lyric offers the five act feature "The Traffic Cop" for the program tonight. Gladys Hull is featured and it is said to be a fine picture. Tomorrow, matinee and night the usual five reels will be shown.

The famous team of Kolb and Dill will be seen at the Gem tonight in the feature picture "The Three Pals." In their support is May Clay, a beautiful young actress who has come to the front rapidly in the motion picture industry. Some unusual photographic work is presented in this picture, the night scenes in particular.

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. Will Wolf, 1021 N. Oliver St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. The kidney secretions were too frequent in passage and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman and Wilson's Drug Store. After finishing a few boxes, I was cured and I haven't had any trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Wolf. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

GOODRICH BILL IS DEFEATED TODAY

Republican Measure to Abolish Oil Inspection Department is Defeated in the Senate

ONE REPUBLICAN AGAINST IT

Bill Amending Primary Law Reported Without Recommendations. —Military School Training

(By United Press.)

Indianapolis, Ind., Feb. 23.—Last hope of administration leaders to abolish the state oil inspection department during the present legislative session was killed today when the senate defeated a committee report favoring passage of the Blackmore bill by a vote of 6 to 24—Nedjl being the only republican to vote with the democrats against the bill.

The bill was advocated as one of Governor Goodrich's main economy measures and republican leaders put up a hard fight for its passage.

Democrats expressed their willingness to vote in favor of the bill if it should be made effective when the terms of present office holders expired—in 1919.

Senator English introduced a bill which provides for military training in all Indiana high schools. Another English bill would appropriate \$25,000 for the establishment of negro children's industrial school.

The Chambers bill amending the present primary election law to eliminate second choice ballots and changing the date of the primary to May was reported out of the senate committee on elections without recommendation.

A new angle to the Gentry bill appropriating \$350,000 for the construction of a new state medical school developed today when it was stated that Governor Goodrich will not sign the bill unless the excise tax bill is passed.

The governor takes this stand on purely a business basis, it is stated, contending that if the excise tax bill is not passed the state will not have money enough to construct the new medical school without making the taxes excessive.

Ten proposed amendments to the Indiana constitution were scheduled for final consideration in the upper house of the legislature this afternoon. Eight of the amendments pertain to the election and tenure of office of public officials. One would make it necessary that the legislature pass on a proposed constitutional amendment at only one session, instead of two, as at present and the other would strike out the word "white" in a clause regarding the state militia, placing negroes on an equal basis with white persons in entering national guard organizations.

Two of the amendments provide that the legislature shall not create any office having a term longer than four years and that the salaries of the officers shall not be raised during their terms. Another fixes the terms of county auditors, clerks, recorders, sheriffs, coroners, and surveyors at four years. Two other amendments provide that the state superintendent of public instruction and county attorneys be elected for four year terms.

Kolb and Dill appear in the familiar role of Mike and Louie.

The Princess offers the William Fox production "Sporting Blood" for the first picture of tonight's program. Dorothy Bernard and Glen White are featured. It is said to be a thrilling story of the race track. In addition to this picture Fatty Arbuckle will be seen in the comedy "The Waiters' Ball." Tomorrow the feature picture "A Circus Romance" will be shown in which Muriel Ostriche is featured.

S. S. WORKERS MEET

Frankfort, Ind., Feb. 23.—Several hundred delegates were here today to attend the annual convention of the Elementary Sunday school workers of Indiana. The convention will be in session three days.

PRIZES AWARDED IN ESSAY CONTEST

Winners Read Their Own Papers at Washington Birthday Celebration Held by D. A. R.

SCHOOL DISMISSED EARLY

Mrs. A. L. Gary Presides and Miss Eva Ball, Treasurer of Society, Awards the Prizes

The five essays winning first prizes in the essay contest recently conducted in the public schools by the members of the D. A. R. were read at the Graham Annex yesterday afternoon, together with several other numbers on the program, before a very attentive audience. The five winners were Miss Nola Roth and Miss Marjorie Retherford, from the high school and Miss Myrtle Buchanan, Miss Magdalene Arbuckle, and Cecil Diwney from the junior high school.

Mrs. A. L. Gary presided during the program, and Miss Eva Ball, as treasurer of the D. A. R. awarded the prizes of five dollars to each of the winners in the high school taking first prize; and three dollars to those winning first prize in the junior high school. The second prize given to the two high school students was three dollars; and the second and third prizes for the junior high school students were two dollars and a dollar and a half respectively.

The program was opened by the singing of "America" by the school children, who later sang a flag song. At the conclusion of the program, a two reel picture of the Bermuda Islands was shown, depicting conditions there, showing many beautiful scenes, and the nature of the life there.

This is the fourth year that similar contests have been conducted in the public schools by the D. A. R. The primary purpose is to promote patriotism in the school children, and it is required that the essays be on some phase of American history for this reason.

School was dismissed early in order that the school children could attend. There was also an interested representation from the Washington school.

The awarding of the prizes was easily decided except in grade 7A. In that grade three pupils received the same rank. The award was made by giving first place to the one having the greatest total of percentage grades as is the rule for deciding such contests. The others received the same total of percentage and the decision was reached by lot.

The prize winners were as follows: Grade 7A, first prize—Brenda Kinsinger, second prize—Myrtle Buchanan, third prize—Mildred Davis.

Grade 8B, first prize—Magdalene Arbuckle, second prize—Emerson Headlee, third prize—Harold Titsworth.

Grade 8A, first prize—Cecil Downey, second prize—Esther Waggoner, third prize—Charles Rosegrance.

Grade 12B, first prize—Nola Roth, second prize—Margery Retherford, third prize—Golda Jackson.

24 ADDITIONS TO CHURCH

The Sunday evening service will close the series of revival services which have been conducted in the First Baptist church for the past three weeks. Since the Rev. C. B. Jones left yesterday, the pastor, the Rev. S. G. Huntington has charge of the meetings. This evening preceding the sermon, several will be baptized. Up to this time there have been 24 additions to the church. Last evening, the pastor preached a forceful sermon on "The Danger in Procrastination."

E-Z

Over a hundred dollars were cleared by the women of the First Baptist church at the chicken supper served in their church basement last evening.

A hot lunch will be served by the members of the second division of the Watson class of the St. Paul's M. E. Sunday school in the Cosand room in West Second street, beginning service at 11 o'clock Saturday morning.

At the Epworth League service of the St. Paul's M. E. church Sunday evening, Prof. Masters will give a talk on the life of George Washington. Miss Gladys Bebout will have charge of the meeting and there will be several interesting features, including a duet by Miss Kathryn Giffin and Miss Kathryn Wooden and a solo by Miss Magdalene Arbuckle.

DID YOU EVER SEE
A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments. It's soothing—restful—and wonderfully upbuilding. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and come back. Try Speedway Liniment. Put it on full strength with a good brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

LISTEN TO THE EVERWELLS

Here's something good for what ails you—This pharmacy never fails you!

Fellow citizens, let me give you a health pointer. Here's a drug store that will supply your every day wants from safety razors and shaving creams for yourself to the boudoir needs of your better half. If there's a kink in your health they'll take that out of you, too.

We are authorized to announce the name of George G. Helm as a candidate for City Treasurer on the Republican ticket, subject to the decision of the primary election of March 6, 1917.

Future of Belgian Relief.

The future of Belgian relief work has of late been a subject for anxious consideration among those in charge of the collection and distribution of supplies. It is feared that the relief work must stop now that the United States and Germany are no longer on friendly terms, for Americans, including Mr. Hoover, the executive head of the enterprise, have had charge of the distribution in Belgium. This fear has increased since the story came via Switzerland that the German authorities in Belgium had ordered Brand Whitlock, the American minister, to lower the American flag over the legation at Brussels, stopped all Mr. Whitlock's attempts to communicate with Washington, and "are holding all American relief workers as prisoners."

Whether this story—said to have been told by Gustave Herter, son of a New York artist and special attaché of the American embassy at Berlin—should be confirmed or not, it stands to reason that Americans can hardly expect longer to take an active part in relief work in Belgium itself where German authority is supreme.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—That jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Try Musterole for croupy children.

RHEUMATISM

usually yields to the purer blood and greater strength which

SCOTT'S EMULSION

creates. Its rich oil-food enlivens the whole system and strengthens the organs to throw off the injurious acids. Many doctors themselves take Scott's Emulsion and you must stand firm against substitutes.

Scott & Bowne, Bloomfield, N. J.

preme. But perhaps it may still be possible for representatives of other neutral nations to take up and carry on the work after an inevitable interval of confusion, although it was chiefly American influence that caused the German military authorities to tolerate the relief commission's activities. In this connection it is worthy of note that the United States has not been the chief contributor to the Belgian relief fund. The larger contributions from the outset having come from England and France.

The reported prayer of the Berlin Kreub Zeitung that the submarines be not allowed to become as great a disappointment as the Zeppelins have been indicates doubt as to whether England can be starved in the seven weeks previously said to have been allotted for that work by the same newspaper. Even greater doubt on the other side of the Channel may be seen in the brief report made to the House of Lords that the British admiralty is "not dissatisfied" with the number of blockading submarines that have been bagged so far. As it has all along been the British admiralty is "not dissatisfied" as to the fate of submarines that never return to port, "not dissatisfied" may mean a good deal more than might be supposed.

Carranza has made an unexpected move by requesting the United States to stop the European war by an embargo on all exports to the belligerents. Carranza in the role of an international mediator with Villa still on his hands would be come were it not that his adoption of a former German proposition suggests an understanding with Wilhelmstrasse and points toward Mexico as a possible base for Germany's operations against this country in the event of war.

Attempting to explain why women talk more than men, the Milwaukee Journal submits: "Men's minds are built differently from women's. A man must weigh his words, search for reasons, arrive at logical conclusions. A woman dives and darts for truth and conclusions, which makes it possible for her to say a dozen things while a man is thinking but one." This explanation may admit of debate, but it is not possible to question the existence of the universally observed phenomenon itself.

Universal service wouldn't be so bad, after all. Instead of ogling young girls on the streets, our nineteen-year-old mashers would be devoting their valuable time to the delightful occupation of digging trenches, peering spuds, washing dishes, and drilling in the boiling sun. Make it universal!

We are not a bit flippant when we express the ardent hope that the federal investigation of the high cost of living doesn't pave the way for yet another boost.

The economical housewife now carefully counts her spuds before serving them.

If Villa gets to sloshing around too recklessly in Pershing's old shoes Uncle Sam may yet be forced to pull the strings.

In these strenuous times we forgot to mention in our last that Old St. Valentine made his periodical visit without creating even a ripple on the bloody waters.

If we must have war, trot it along. This uncertainty interferes with our Sunday dinners.

"At Yale," a college comedy—four acts—replete with musical hits. Orange H. S. Auditorium, Saturday, February 24.

Inventors.

Inventors are men with something to do and no way to do it. We say inventors are men. They are men. You don't find any inventors among the lower animals. No, sir. You never heard of a lightning bug trying to put more candle power in his tail, did you? Or a hen trying to lay sidewalks instead of eggs. No. Nor a toad with a patent cure for warts, either. Inventors are not only men, but they are the type of men who prove absolutely that men never were monkeys, or tadpoles, or tuna fish or anything else but men.

STATE OF INDIANA.

Department of State

ED JACKSON, Secretary of State.

To all to whom these presents shall come, greetings:

I, Ed Jackson, Secretary of State of the State of Indiana, hereby certify that the FALMOUTH NATURAL GAS COMPANY, has this day caused to be filed in the office of the Secretary of State of the State of Indiana, the properly signed and attested consents, statements and papers required by Section One of an act of the General Assembly of the State of Indiana, entitled "An act prescribing the method and procedure for the voluntary dissolution of private corporations and voluntary dissolutions, and declaring an emergency," approved March 14, 1913.

And I further certify that said written consents, statements and papers so filed as aforesaid, show that said company and the officers thereof, have complied with the provisions of said Section One of said act, and that said corporation is now in process of dissolution.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the State of Indiana, at the City of Indianapolis this 27th day of January, A. D. 1917.

(Seal) ED JACKSON,

Secretary of State.

By P. H. Wolford, Deputy.

+Regular services are to be held at the First Baptist church Sunday as follows: Bible school at 9:30 a. m.; preaching service at 10:30; subject of sermon, "An Undesired Nation;" subject for evening service at 7 o'clock, "Truth for the Times." Baptist Young People's Union at 6 o'clock.

Robert Humes, who was operated on recently for appendicitis, is doing very nicely.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears. It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear. If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day. Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE

SHELBYVILLE IS GIVEN FIRST PLACE

Rushville Degree Staff Has to be Content With Second at Competition of Teams Here

DISTRICT MEETING CLOSSES

There is Still Chance That Rushville and Shelbyville may be Contestants at Indianapolis

The Shelbyville degree team of the Rebekah lodge was awarded first place in the competitive degree work at the close of the district meeting here last night. The Rushville team was given second place. The other degree teams stood as follows: Milroy, third; Knightstown, fourth and McCordsville, fifth.

The rivalry was keen and Shelbyville and Rushville staged a pretty fight. The judges gave Shelbyville a mark of 92 1/5 per cent and Rushville 89 4/5 per cent. Milroy ranked third with 86 per cent, Knightstown, 84 per cent and McCordsville 77 per cent. The grades given Rushville and Shelbyville were the highest received in any of the district meetings held thus far and over half of the districts have held their meetings.

There is a chance that both Shelbyville and Rushville will compete at the state meeting. The two highest teams in the state compete at the state meeting and should no team in the remaining district meetings receive as high a grade as either of these two, then Rushville and Shelbyville would meet before the state assembly. The grading was as follows: 50 per cent for ritualistic work, 25 per cent for unwritten work, fifteen per cent for dramatic work and ten percent for floor work. Rushville secured the best grades in the last three classes, but Shelbyville excelled in the ritualistic work.

The degree work was conferred on a class of ten candidates. Each team was given two candidates and the grading was done on the work conferred on these candidates. The judges were Miss Florence McGregor, Mrs. Harriet Spekenhiser and Mrs. R. H. Hollywood.

Even a larger crowd attended the night meeting than yesterday afternoon. The state officers of the Rebekah lodge declared that the meeting here was the most successful of any yet held and complimented the local people who had the meeting in charge.

Miss Eleanor Dudgeon, who has been ill for the past week with appendicitis, is rapidly recovering.

Totals	659	620	591

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them, 10c and 25c per box. All druggists.

ANITA STEWART
SAYS —

Don't Cultivate Worries

One day recently I was sitting in the writing room of one of the large shops waiting for mother who was to meet me there and help me select an afternoon dress. Having finished writing one or two notes I glanced at my wrist watch and finding it time for mother to arrive, began to don my cloak and pick up the gloves, bag and parcel I had laid on a neighborhood chair.

Stooping to pick up one of the gloves which had fallen to the floor, I accidentally knocked someone's elbow. Turning about with an "Oh, I beg your pardon." I came face to face with an old school friend whom I hadn't seen in over five years.

So changed was her appearance that I am afraid I wouldn't have recognized her if it hadn't been for her beautiful eyes. There were still attractive, even though her skin had lost its glow and her face was wrinkled terribly for so young a girl. "Anita Stewart!" she exclaimed. "You certainly are a welcome sight. I was only saying last night that I must visit you some time soon."

At this juncture mother came up, and as we both wanted to talk to each other she suggested that we go

upstairs and have some tea after which we could do our shopping.

As we shot upward in the elevator, mother asked Alice about her mother and sisters. That's how this little story became known. It seems that her father's death had left them in financial straits, and it was easy to see that she was quickly cultivating an unhappy disposition.

"All the responsibility has fallen upon me," she continued, "I don't know what's the matter with the two other girls. They seem to realize our plight, but they never worry. In fact, they generally manage to have a song on their lips, and will absolutely refuse to talk of things."

"Why dear," answered mother, "you should follow their example. Worry never gave any of us help or added to our attractiveness. Why don't you try a bit of singing now and then, I'm sure it would help you."

And now let me tell you what a robber Alice's worries have been to her. They have stolen practically all of her former charm. They haven't done her any good, but they have done her all sorts of hurt.

Another thing—half the worry in this world is useless—half the things we dread never happen.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Mrs. Howard Carmichael and her mother, Mrs. Thompson, are entertaining at their home in North Main street today Mrs. Kate Bruner, Mrs. Nancy Stitt and Mrs. Elizabeth Hume. A bountiful dinner was served at noon.

Mrs. Ray Lakin entertained several friends informally last evening at her home in North Harrison street honoring her brother, Bernie Beaver, and wife of Detroit, Mich., who are visiting here. A social evening was enjoyed and refreshments were served.

Mrs. Harrie Jones will have the last meeting of the Donnan class at her home at 837 North Harrison street tomorrow afternoon, beginning at 2:30 o'clock. This will complete the series of talks by Miss Margaret Donnan of Indianapolis on modern novels.

Appointments suggestive of Washington's birthday lent a festive air to the meeting of the "500" Club held at the home of Miss Hettie Retherford in West Fifth street last evening. The twelve club members were engaged in rounds of "500" during the course of the pleasant evening. For the service of the one course luncheon, the small tables were decorated with tiny hatchets and the guests received favors of small cherries. Mrs. Jesse Poe will have the next meeting of the club in two weeks.

A number of guests from the surrounding high schools are already arriving for the tournament tomorrow. Miss Margaret Wells and Miss Kathryn Israel of Shelbyville are the house-guests of the Misses Margaret and Joan Weakley. This evening, Miss Margaret Weakley is entertaining a group of friends honoring the attractive visitors. Miss Magdaline Arbuckle, Miss Joan Weakley and Cyril Arbuckle are also entertaining this evening at the home of Miss Arbuckle honoring Arthur Shelk of Shelbyville. A group of high school students have been invited in his honor.

MAYR'S WONDERFUL REMEDY
for STOMACH trouble
ONE DOSE WILL CONVINCE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Acute Indigestion, Appendicitis, Gastritis, and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by Frank E. Wolcott, and druggists everywhere.

The members of the Tri Kappa sorority will be entertained on Monday evening by Mrs. Roy E. Harrold at her home in North Perkins street.

Mrs. Demarchus Brown of Indianapolis will speak on "Antony and Cleopatra, a Drama of Tragedy" before the members of the Monday Circle and their guests on Monday afternoon of next week at the home of Mrs. Ned Abercrombie in North Main street.

Honoring his birthday, Howard Carmichael was pleasantly surprised at his home in North Main street Wednesday evening when a six o'clock dinner was given in his honor by Mrs. Carmichael. Guests for the elegant dinner were Mr. and Mrs. B. O. Simpson, Mrs. J. W. Carmichael, Miss Bertha Carmichael and Mrs. Thompson.

Mrs. Norman Crum entertained the members of the Yomo Club at her home yesterday afternoon, providing a very pleasant afternoon for the club members of which there were five present. Sewing provided entertainment preceding the service of a dainty salad course. Mrs. Emmet Fegley will have the next meeting of the club.

There was a large attendance of the members of the Burr Oak Camp 3548, Modern Woodmen of America, at the meeting last evening and the social committee, true to their promise, served a chicken supper which was highly enjoyed by every member. After the supper the beneficial and fraternal degrees were conferred on one candidate. The social committee is promising another treat for next Thursday evening, the nature of which will not be known until revealed in the camp room.

At the delightful meeting of the Social Dozen held at the home of Mrs. Jesse Poe in North Morgan street yesterday afternoon, appointments were used suggestive of the birthday of George Washington. In their customary agreeable manner, the club members spent a social afternoon and later were invited into the dining room where the table was pretty with favors of the day. The places were marked by tiny hatchets bearing the names of the guests. The luncheon was a delicious two-course affair.

An inspiring patriotic service was given by the members of the W. R. C. in the assembly room of the court house yesterday afternoon honoring the birthday of George Washington. The singing of "America" opened the program which was followed by a prayer by the Rev. S. G. Huntington. Interesting papers were read by Mrs.

Will Trennepohl and Mrs. Selman Webb on the life of George Washington and Miss Ellen Vickery gave an excellent talk on the life of the national hero. The Corps will meet again next Wednesday. On April 6th a Grand Army Day will be held when a program will be given for the old soldiers and a large flag presented to them.

American flags, hatchets, and the many other pretty suggestions used nowadays honoring the birthday of George Washington, formed the principal decorative scheme in giving a very patriotic appearance to the pretty home of Mrs. Albert Winship in North Main street when she and Mrs. Alvan Moor entertained a number of their friends yesterday afternoon. Immense American flags were draped in the openings between the specious rooms. Red hatchets were scattered profusely, upon the mantles and walls. The dining room, too, was pretty with decorations of the national colors and candles of red, white and blue banded on the dining table. They were held in crystal holders.

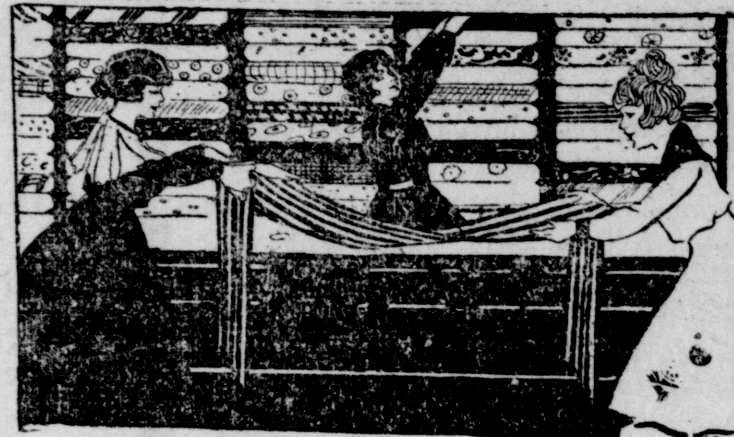

Mrs. Edwins, a very talented reader from Indianapolis, gave a number of delightful readings during the informal program and her readings were interspersed with selections on the Edison. Mrs. Edwins was very artistic in her impersonations, particularly those in which she represented child life with her realistic dialect. Her selections were popular, too, because of their variation, and she carried her hearers from a very pathetic scene to a very humorous one by her quick change from one mood to another. One of her best numbers was "Absolution." Too she read "The Land of Beginning Again" and she opened the program with Riley's "Old Glory." Another dialect was shown in "Candle Lightin' Time." Her pictures of little folks were given by any number of selections. Some of the most popular were "The Be-settinst Sin," "Didn't He Charlie" and those in which she portrayed the child's visit to the "Shave Store Man," the girl's picture of the advantages of being a boy and many others which were very characteristic of child life.

The social hour which concluded the afternoon was marked by the service of an elegant one course luncheon. A tiny silk American flag was perched in the ice and given as a favor to each guest. During the service of the luncheon, the hostesses were assisted by Mrs. J. V. Young, Mrs. Francis Moor, Mrs. Minnie Abercrombie, Mrs. Bert Davidson, Miss Mary Amos, Mrs. Earl Winship, and Mrs. Charles Winship.

SEES THE NEED OF GRAVE MEASURES

Lloyd George Tells Commons There is But One Means to Deal With Submarine Issue

MUST HUNT U-BOATS FROM SEA

(By United Press.)
London, Feb. 23.—"Grave measures are necessary otherwise there will be disaster," Premier Lloyd George declared in the house of commons today, discussing the shipping question.

"There is a shortage of tonnage not only for ordinary needs but for military necessities as well," the prime minister declared. He asserted that "enormous sacrifices" will be required from the British people to achieve a victory.

"The government hopes to deal effectively with the submarine question," he continued, "but we can not rest on this hope. There is no sure

means to victory without hunting submarines from the sea."

"We must find ships to bear iron ore at all costs," he said.

Lloyd George proposed to dispense with all non-essential imports, including timber. He addressed commons on the question of restriction of shipping.

CARD OF THANKS

We wish to express our gratitude to the pastor Rev. W. M. Whitsitt also the choir and members of the St. Paul's M. E. church, to Wm. M. Sparks. We also wish to extend our appreciation to the Knights of Pythias and the Uniform Rank and all the lodges and the beautiful floral offerings given in honor of our dear father Jesse K. Jamison.

From his two daughters of Indianapolis, Mrs. Wm. Dalton and Mrs. Martin Cain.

Russell Kirkpatrick, who has completed his work in Indiana university, has returned to the home of his parents, Mr. and Mrs. S. D. Kirkpatrick, northwest of the city.

Miss Ruth Spivey will see "The Passing Show" in Indianapolis this evening and spent the week-end with friends.

WEDGE GAINS 4 POUNDS WEIGHT

Elkhart Man Tells How Tanlac Banished Troubles of Eight Year's Duration

Elkhart, Ind., Feb. 22.—"I've gained four pounds and feel better in every single respect since taking one bottle of Tanlac," T. A. Wedge, well known machinist of 168 State street, this city, said on December 15.

"For more than eight years I suffered severely from stomach trouble," Mr. Wedge continued. "My appetite was poor. Many foods that I really liked I couldn't eat because of the bad after effects. My food was never digested properly. I suffered from a dull headache nearly all the time. There was a bad taste in my mouth constantly. I didn't rest well at night.

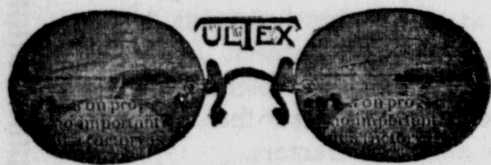

"Friends recommended Tanlac to me so highly that I decided to try it. It certainly has benefited me. Since taking Tanlac the dull headaches that bothered me almost constantly have vanished completely. My appetite is good now and I can eat anything I care for without fear of bad after effects.

"Yes, sir, Tanlac has helped me greatly and I gladly recommend it. Anyone who suffers as I did will find Tanlac just what they need."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like.

Tanlac is now being introduced in Rushville at F. E. Wolcott's Drug Store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy and Sons and in Milroy at Barton's and Sheppards. (Adv.)

NEWSPAPERS ARE SUPPORTING BILL

They Furnish Basis for Hope That Excise Tax Measure Will Pass Senate as Well as House

COMMENT OF NEWSPAPERS

Indiana Daily Times, Unreasonable in Opposition to Administration, Comes Out for Bill

Indianapolis, Ind., Feb. 23.—The courageous and effective manner in which Governor Goodrich is meeting the opposition that has been raised to his proposed excise tax legislation is commanding the admiration and respect of his most consistent critics and opponents. He has been able to meet every argument made against this bill by the corporation interests with the result that some of the most violent objectors at the time the proposal was first made are now with him championing his ideas. The Governor appeared before a hostile audience of representatives of corporations at Lafayette Monday night and before he had finished speaking in regard to the measure the majority of his auditors had come to the conclusion that he was right and that his suggestions should be favored in the interest of the state's welfare.

Even the Indiana Daily Times, which has been violent, unreasonable and blind in its consistent opposition to any measures approved by Governor Goodrich has had to admit publicly that his excise tax proposal is in the interest of Indiana and her taxpayers. The following is from a recent issue of this paper:

"Foreign and domestic corporations doing business in Indiana enjoy valuable rights, privileges, immunities and profit-opportunities under the franchises granted by the people of the state. Under the existing system a fee is charged the corporation at the time of its incorporation or at the time it applies for the right to do business in Indiana, but during the long term of years for which the concern gets the

rights, powers, immunities, privileges and gainful opportunities provided by the franchise or license granted by the state, no other special fee or special charge is collected.

"Yet from year to year the corporation continues to reap profits under its franchise, protected by the state, enabled to live and to do business by and under the state's favor. There is no good reason under the sun why the corporation, either domestic or outside the state, should not pay the state an annual excise tax for the privilege of doing business in Indiana. For example, a \$10,000 company, getting its articles of incorporation, pays a fee for its articles of incorporation amounting to \$11. The franchise runs fifty years. It costs for the fifty years, exactly \$11 and no more. Its benefits are continuing; its privileges extend over the period of half a century. All for \$11. It is not enough. The people should have a fair annual fee for that valuable franchise. The corporation would not keep or desire the franchise if that franchise were not profitable and valuable. The corporation should pay the people adequately and fairly for such a valued franchise."

The hearty support that is being accorded the excise tax bill by the press of Indiana furnishes the basis of the hope entertained by friends of the administration that this bill will finally pass the senate by as wide a margin as it did in the house. The Indianapolis News, the Indianapolis Star, the Lafayette Journal and other strong and influential papers in all parts of the state are vigorous in their support of the excise tax bill. The few papers that are responding to the call of the corporations and are fighting the bill are making themselves ridiculous in the public mind because of their woeful lack of information. One newspaper sagely observed that the enactment of the excise tax law would drive corporations that are now doing business in Indiana into other states. Apparently this paper did not know that an excise tax is imposed in thirty-five states in the union and that in every one of them the rate is higher than that proposed for Indiana. In urging support for the excise tax bill, the Lafayette Journal said:

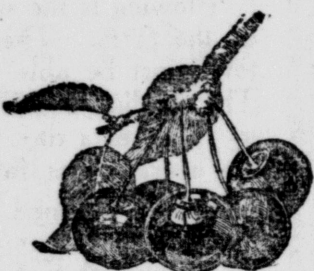

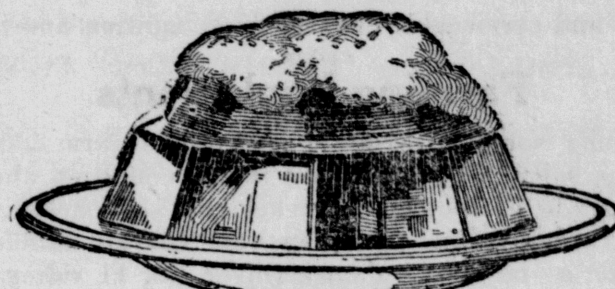

"Corporation representatives argue that these organizations pay taxes upon the value of their property the same as does the individual. This is

Jiffy-Jell

The Supreme Dessert

A New-Grade Gelatine Dessert With True Fruit Juice Flavors In Sealed Vials

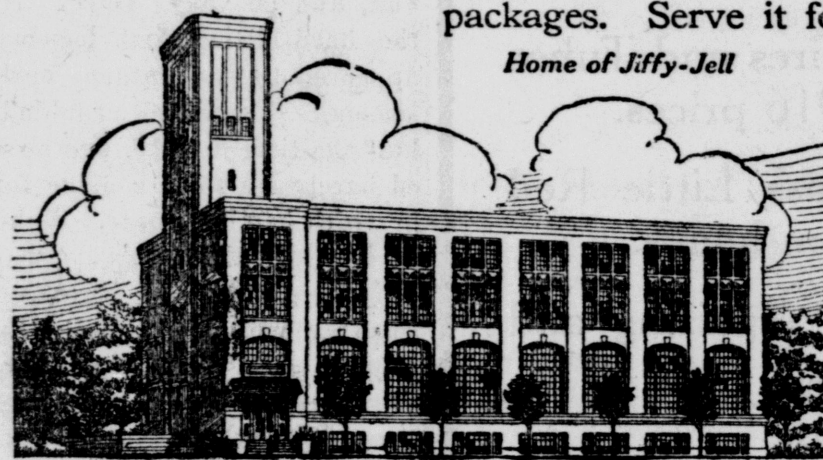

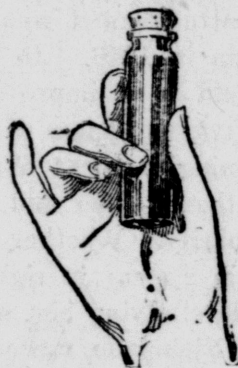

Jiffy-Jell has changed all conceptions of jelly desserts. It has spoiled the taste for all the old kinds. In six months Jiffy-Jell has become—from coast to coast—the

supreme dessert. Those of you who have always thought the old-time gelatine desserts delicious creations will find Jiffy-Jell twice as enticing.

In Jiffy-Jell each flavor is made from the fresh ripe fruit. It is made by reducing the fresh fruit juice until a few drops embody the flavor from a large amount of fruit. So Jiffy-Jell in any flavor has the real fruit snap and zest.

Then each flavor is sealed in a vial. In this way it keeps its freshness until used. You

always get the tang of the fresh ripe fruit. In the old jelly desserts you poured boiling water on the flavored gelatine powder. The result was to scald the flavor.

In Jiffy-Jell the flavor is not added until the jelly has partly cooled. That's why Jiffy-Jell has the taste of fresh crushed fruit and not of cooked fruit.

Tell your grocer to send you one or two packages. Serve it for dinner today or tomorrow and hear what the family say. But be sure you get Jiffy-Jell with the flavor in a vial.

It will show you a way to add delight to a thousand future dinners.

This is an excellent grade of heavy aluminum with a guarantee attached for a period of 20 years. This is a rare opportunity to our friends and customers and we want everyone that can to take advantage. We have only a few dozen of these kettles, so come early.

While you are in, look through our exclusive line of high grade aluminum ware and housefurnishings. See our window display.

These kettles are sold at such a low figure that none will be delivered.

The Mauzy Co.

What it Cost Not to Have Business Insurance.

Two brothers of one of the oldest families of a community inherited money and made money; did business together. Both married.

A few months ago one died, without life insurance payable to his business.

His wife decided she did not care to have her money left in the business, and under prevailing business conditions the brother could not conveniently buy out the estate.

Agreeing on the price with the sister-in-law was not easy.

Just when orders were beginning to pile up and much prosperity was in sight, the business was closed out for the benefit of their competitors, not only at a loss to the wife of the deceased brother, but, also, throwing the remaining brother out of a business that had been prosperous for a generation.

DETROIT TIGERS AFTER PENNANT

Predicted That Jennings Will Have
Strongest Team Ever Represent-
ing That City.

DOPESTERS ARE GUESSING

Old Infield is Expected to be as Good
as Ever and Outfield is Better.
Than Formerly

(By United Press.)

Detroit, Mich., Feb. 23.—The prediction is justified that Detroit will have the strongest team this year that has represented it in an American league race since the old championship days. There is, nevertheless, an atmosphere of uncertainty about the club that has local dopsters guessing.

The outlook is bright, but there is a calamity hunt prevalent. On form, the team should be exactly as strong on attack as it was in 1915 and again in 1916. In addition there should be an improved pitching staff.

Five outfielders will be taken to the training camp at Waxahachie, Tex. Of these, Cobb and Veach will play regularly. Whether Crawford will again appear in right is a question. Understudying him will be Harper and Nicholson, newcomers to the circuit, and possibly Harry Heilmann, the hard-hitting first baseman who appeared to advantage early last season. Crawford couldn't play half the time in 1916, and he averaged barely a putout a game for those in which he did appear. Wahoo Sam probably is through.

The old infield of Burns, Young, Bush and Vitt is expected to be as good as ever. Reinforcing the infield will be rockies Dyer, Ellison and Jones, all good batsmen. It is planned to carry them throughout the season as pinch hitters and emergency men. They will be developed to take regular berths two or three seasons hence.

Stanage and "Tub" Spencer will do the catching. Spencer came back to the majors last fall, and was able to break into a score or more games. He demonstrated that he could maul major league pitching. His average was .371 and his backstopping was of the highest order. Second string catchers will be McKee and Yells, the latter a recruit from the International league.

There is no good reason to expect ill of this array of talent. It has the class. There is a weakness in right field, but it was there last season and wasn't disastrous.

The pitching, as usual for the Tigers, will prove the big problem. Harry Coveleskie always wins his twenty games or more, and will be the anchor man. Dubuc is gone, his place having been taken by Howard Ehmke, a young right hander who made a good record in the York State League and then showed class in the majors during the closing weeks of the season. He is ranked as a find.

Bill James will get into shape this

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid almost as fast as water does sugar.

**A WELL-KNOWN PHYSICIAN
ADVISES MARVELOUS
HERBAL MEDICINE.**

Elkhart, Ind.—"Dr. Pierce's Favorite Prescription is truly a wonderful medicine for women. Several years ago I had an operation. For a whole year afterwards I suffered with intense abdominal pains and became a nervous wreck. I became greatly discouraged because my doctor's medicine gave me so little relief and I think he was rather discouraged, too, for it was he who advised me to try 'Favorite Prescription.' His wife had been a nurse and he said she had seen some wonderful results with this medicine. The third day after I commenced taking it my nerves were quiet, appetite improved and I could sleep. In a month I felt and looked like a different woman."—Mrs. FRANCIS M. KISTNER, 523 Fourth St.

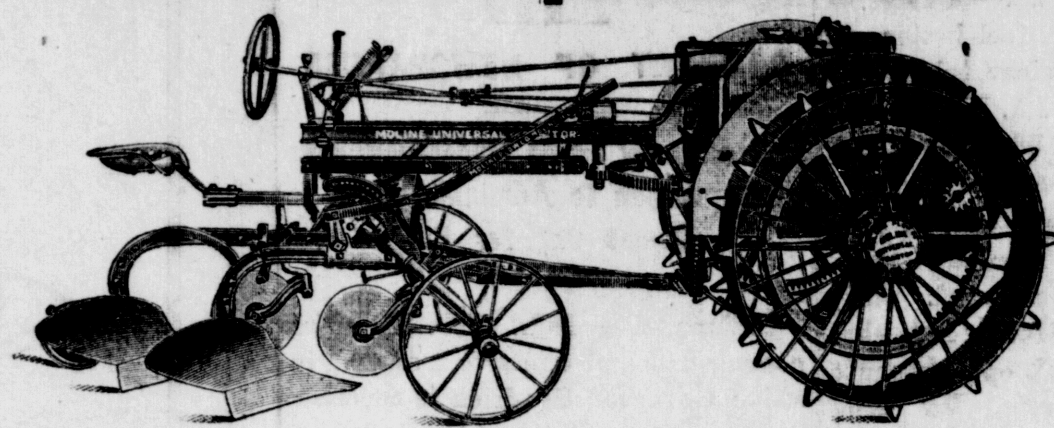

San Francisco, Feb. 23.—The California Inaugural Special, bearing several score of Californians to Washington for the inaugural ceremonies on March 4, left here today.

Mrs. Eleanor Martin, general chairman of the Special, and Mrs. Marmaduke Eskridge, chairman of the committee on transportation and itinerary, were in the party. The round trip will cost just \$250 per person. Members of the California party will live on the train while in Washington.

Moline Universal

A Practical Tractor for All Field Work A Proven Success

Plowing is the slowest and most important work on the farm. Therefore, a tractor to be satisfactory must be able to fulfill plowing requirements. The Moline-Universal Tractor will plow from 4 to 12 acres a day. This is more than enough for the average size farm.

If the Moline-Universal were large enough to pull three or four plow bottoms, it would be too large for other field work, such as cultivating, mowing, etc., and for work in small fields. It would have to be heavy and cumbersome, thus packing the soil and decreasing the yield of the crop as the heavy tractors do. It would also cost too much to operate.

For plowing, one wheel is run in the furrow, which makes the tractor practically self-steering and leaves only 1400 pounds of weight traveling on the surface of the unplowed land. The wheel in the furrow insures an even width for the front furrow.

The body of the tractor stands level with one wheel in the furrow. To accomplish this the left drive wheel is moved up on the frame through a slot and is locked by two bolts. A truss bar between the bull pinion and the axle holds the wheel true to the pinion in either position. One man can easily and quickly raise or lower the wheel.

Moline-Universal Power-Lift Plow

No standard horse-drawn plow is heavy enough to withstand the enormous strain when pulled by a powerful tractor. If the plow does poor work the whole outfit is not satisfactory.

As much consideration has been given to the design and construction of the Moline-Universal Plow as has been given to the tractor itself. The lift of the plow, the placing of the depth levers within easy reach of the operator, the power lift, the arrangement to prevent trash from choking or clogging the face of the furrow and the land wheel, and every other vital point for successful plowing have been carefully designed and thoroughly tested.

One of the most important features of the Moline-Universal Plow is its ability to back in the furrow or at the end of the field. This feature makes plowing with the Moline-Universal Tractor strictly a one-man operating proposition at all times.

Furnished with steel bottoms or chilled bases to suit any soil conditions.

Ample Clearance for Cultivating

The fact that the Moline-Universal Tractor can be used for cultivating as well as other field work, puts it in a class by itself. It has 31 inches vertical clearance. The ordinary cultivator has only from 29 to 30 inches arch clearance.

On exhibition at 731 N. Perkins St. For further information see

WALTER G. DUKE

Public Sale of Livery Stock

LOST—black ribbon about 2 inches wide, and contained "U. S. S. San Francisco" in gold. Call 2036 293t4.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

ROMANCE INJECTED INTO SILK MAKING

Educational Picture Will be Shown at Princess Theater Tuesday—Arranged for by Callaghan Co.

TWO MATINEES ARE OFFERED

The Callaghan company has announced a complimentary matinee showing of "The Romance of Silk," a motion picture, at the Princess theater next Tuesday. The shows will be given at 2:15 and 3:15. The picture is released by the Vitagraph company under the direction of Belling & Co., and is one of Vitagraph's educational series shown at regular prices.

It required eight years to make the picture, it is said. A romance is woven about the manufacture of silk, which dates back to 1700 B. C. when S.-Ling-Chi, the 14-year-old wife of a Chinese emperor, discovered its uses. The thirty-day growth of the silk worm, the graceful spinning of the cocoon, the skillful process of reeling the silk from the fragile cocoons to the finished skeins, and the many different methods of the manufacture of silk thread and silk goods from the raw silk of commerce—all this and more too is shown in the picture. The industry thus depicted is one which combines the native skill and deftness of the Oriental with the modern inventive genius and science of the American. Tickets for the showing may be obtained at the Callaghan company's store.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush county, state of Indiana, administrator of the estate of Peter Mauzy, late of Rush county, deceased.

Said estate is supposed to be solvent. GREELEY P. MAUZY, Feb. 15, 1917. Administrator. Young and Young, Attorneys. Feb 16-23-Mar2

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

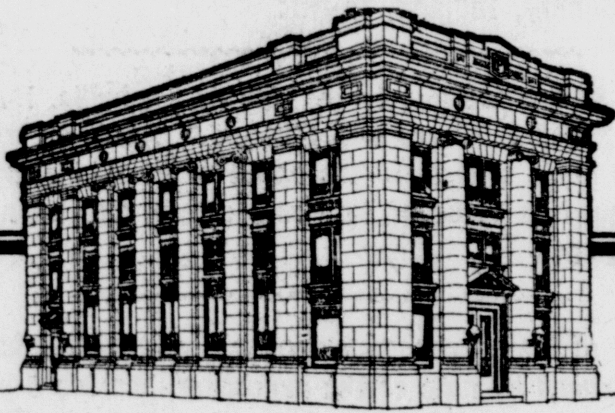

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

WORSE THINGS THAN SLAUGHTER

William G. Shepherd Says Dying and Killing Are Not Most Terrible Things of War.

GOT ACCUSTOMED TO SIGHT

Seeing Great Bodies of Men Being Driven Makes Him Think of Them as Beasts.

BY WILLIAM G. SHEPHERD.
(Quoted from Current Issue of Every Week.)

New York, Feb. 23.—Those of you who followed the things I wrote for the Daily Republican and the United Press may have been impressed with the horror of slaughter among the fighting people in Europe.

But there are worse things in war than slaughter. In the current issue of Every Week I have told what those things are; and a summarized quotation from that story may interest you:

"Isn't the slaughter terrible?"

Everybody who returns to the United States from the war in Europe is asked this question, trite as it seems. My answer must always be:

"Dying or killing are not the most terrible things that war brings to a man, woman or child. In Europe you see worse things than dying or killing. Worse things happen to European folk than being killed or crippled."

The first dead man I saw in the war, back in those early and old-time days in Belgium, struck me as having been uselessly murdered, and the sight left a baleful impression on my mind, for a time. To my surprise, however, I soon beheld such sights without emotion. But there was one sight—one manifestation of the horrors of war—that I could not accustom myself to view without a mental shudder. This was the sight of vast bodies of men marching or camping.

There they were, men of family, of business, of ideals, of religion, all brought down to the same level—all alike. Like barrels whose hoops have been removed, these men, individually, in their lives and in their characters have fallen apart since the binding support of their home en-

vironment has been taken away from round about them. The impression that they were like animals, like herded, unthinking beasts, was so strong upon me that at night in my sleep, instead of seeing dead and mangled bodies, I saw in my dreams vast bodies of soldiers passing before me, each man wearing the head of some beast instead of his own. They were not brutal, leonine men-animals I saw; only patient, dumb, obedient, long-suffering, kindly ones, such as cattle, deer, horses, dogs.

To be turned into such a man is worse than death, and among thinking men in the six armies that I saw at close range I often found soldiers and officers who realized what sort of beings they had become. There are penalties just short of death for men in the various armies who sicken of being unthinking men-animals and try to find a way out of their plight by suicide—who stick their heads above the trenches or who wound themselves with their own rifles.

The moral and mental disintegra-

"TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, aching feet—no corns or callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight. Get a 25 cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

tion that is caused by the surroundings of military service in individual cases is shocking. This applies to all armies that I have seen.

"That fellow would be better dead," said a friend of mine, as an Englishman we had known in peace times walked away from us after a chance meeting in the Strand. "Everything that was good in him is dead already."

Only a year before, this man had been a star of Fleet Street. He wrote with a sympathy and an understanding of human nature that made his work stand out. But as we saw him, after a year in the army as an uncommissioned officer, the grime of war was on his soul as well as on his body.

"I've quit writing," he said, with a weak grin that displayed the absence of two front teeth. "Something's happened to me. I can't ever write again. I don't even try to do it. Anyhow, what's the use? It's all war."

The man that he had been a year before would have killed himself with his own gun rather than become the man we saw and talked with that afternoon in the Strand.

"No more books or music and no more women. I'm simply rotting mentally." I have had officers make this confession to me in five different languages in five different armies.

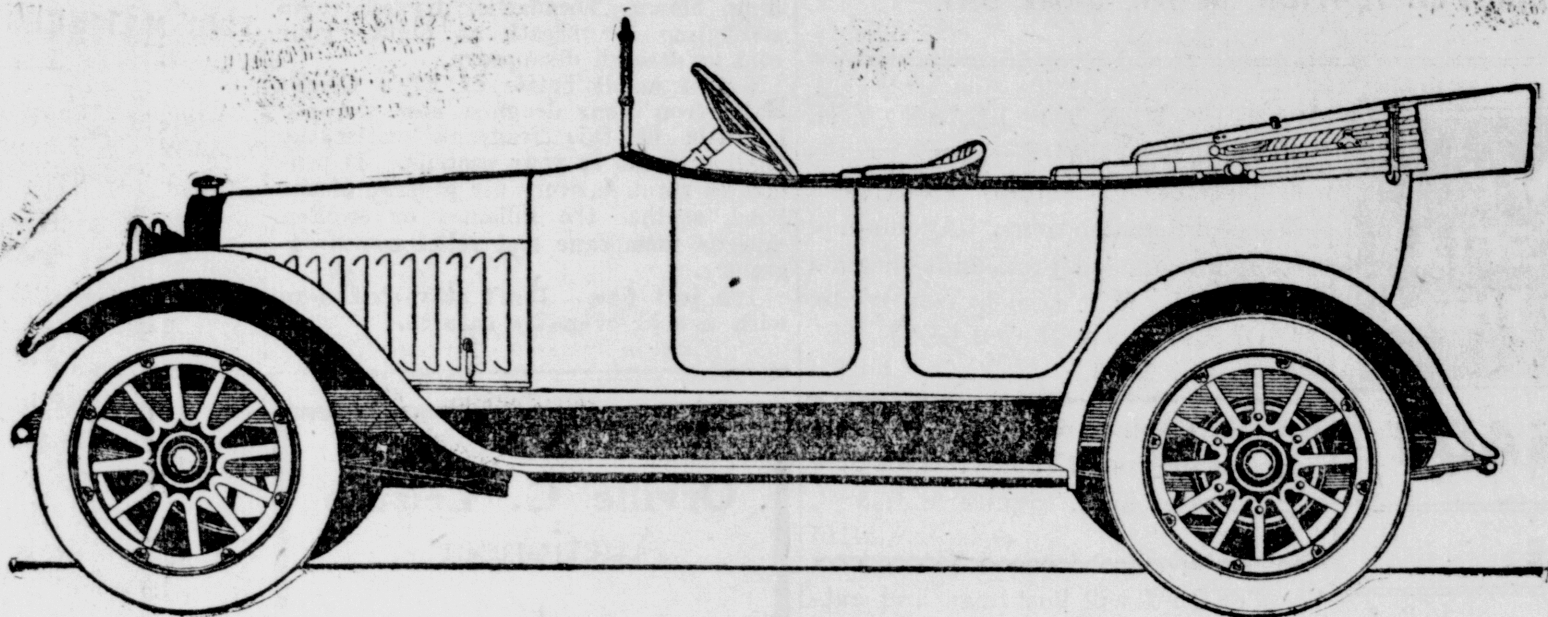

"I'm rotting, and I can't help it." Not all the bad things of war happen to human bodies.

The Orange H. S. will give the College Comedy in four acts, "At Yale" Saturday, Feb. 24th. Music—solos, trios, quartets and chorus. Don't fail to hear the "Ukelele Trio." 289t3

The second division of the Watson Sunday school class will serve hot lunch at Cosand's millinery store Saturday, Feb. 24, beginning at 11 o'clock. 292t4.

Attend the basketball tournament Saturday. 294t2.

2250 PAPERS PRINTED TODAY

STEP-MOTHER AND FATHER OF HILBERT BOY ARRESTED TODAY

Mr. and Mrs. Herman Hilbert Are Taken at Their Home Near Orange on Suspicion.

NO DIRECT CHARGES FILED

Coroners Verdict Not Yet Filed, but it is Hinted he is Convinced Boy Was Poisoned

THE BODY MAY BE EXHUMED

Mr. and Mrs. Hilbert Declare Innocence, Asserting Strychnine Was Kept to Kill Rats

Herman Hilbert and his wife, Mrs. Lillian Hilbert, of near Orange were arrested shortly before noon today on suspicion growing out of the mysterious death of Hilbert's seven-year-old boy, Russell J. Hilbert, last Saturday afternoon. They were placed in the Fayette county jail and will probably be given a preliminary hearing tomorrow. As yet no charges have been placed against either one of the two and they are merely held on the supposition that they know more than has been told about the boy's death.

When arrested both Mr. and Mrs. Hilbert broke down and cried. They stoutly maintain their innocence and declare that the strychnine which caused the boy's death, according to a chemical analysis of the boy's stomach made in Indianapolis, was kept in the house for the purpose of killing some rats. They maintain that his death was accidental. Sheriff Hendrickson and Deputy Joe Jessop went to the little home south of Orange where the arrest was made. Neither Mr. Hilbert nor his wife offered any resistance. They were taken to Glenwood where a car was boarded for Connersville.

Coroner Cooper has not yet filed his verdict in the case, but is about satisfied that the cause of death was strychnine poisoning. It was intimated that the body of the little boy would be exhumed in order that a further examination might be made. It was stated in Connersville that this would have been done today but the weather interfered.

Coroner Cooper is said to desire another chemical test, although two have already been made and both showed strychnine poisoning. The arrest of Mr. and Mrs. Hilbert caused a sensation in Orange and the surrounding community, although it was expected as the developments of the past two or three days revealed. The word spread like wild-fire and the entire neighborhood knew of the occurrence soon after it happened.

Mr. and Mrs. Hilbert are probably forty years old. She is his second wife and the boy was by his first wife who is living in Connersville. The first wife has the custody of a daughter, the only other child of Hilbert. In the divorce decree he was given the little boy and the mother was given the daughter.

The past domestic troubles between Hilbert and his divorced wife are said to be hinted at in finding a motive as to why Mr. and Mrs. Hilbert should want the little boy out of the way. He was recently cited for contempt of court for failing to follow the decree of the court which provided that he should bring the little boy to Connersville at stated periods to visit his mother and sister. The hearing on the contempt proceedings were scheduled to come up soon in the Fayette circuit court. Whether an investigation will disclose this as a motive remains to be seen. The officials have not intimidated another motive and if they have one it is being kept in the background.

It was stated that the coroner will closely question the parties in the jail in an attempt to gain some additional information. It is considered

rather unusual to make arrests on so grave a charge as is intimated may come without first filing charges. The coroner, however, stated that he had the right to order their arrest on information and it is on the strength of this that they are held.

REWARD OF \$100 IS OFFERED FOR CAPTURE

Chief of Police Yahey Gets Message Telling of Bank Robbery at Greensfork Early Today

BANDITS ESCAPE IN 2 AUTOS

Chief of Police Yahey received a telegram this afternoon from Sheriff Carr of Wayne county offering \$1,000 reward for the capture of yeggmen who early today blew the safe of the First National bank at Greensfork, eleven miles northwest of Richmond, and escaped in two automobiles with \$8,000.

Shortly before the police chief got the telegram, the Daily Republican received a United Press dispatch giving the details of the robbery. The bandits blew off the two outside doors of the safe and then melted the time combination with a torch. This led the Wayne county sheriff to look for scorched money as a means of identification.

Ed. Allen, a baker, looking across the street, heard the explosion, according to the dispatch, but several men were standing guard in front of his building and prevented him from sounding the alarm.

UNIVERSAL TRAINING BILL IS SUBMITTED

General Staff's Plan is Put up to Congress by President Wilson For Action

PROVISIONS OF MEASURE

Washington, Feb. 23.—The universal training plan of the general staff was submitted to congress today by President Wilson. War department officials say the plan if put into effect would raise and train an army of 50,000 men every year. The plan calls out all able bodied male citizens in their nineteenth years for eleven months continuous training to be followed by two repetition courses of two weeks each, one in their twentieth year and one in their twenty-first year. All male citizens not exempted who had completed their training are liable for service in the first reserve for four years and one month; in the second reserve for seven years.

Today's Legislative Oddity

Indianapolis, Ind., Feb. 23.—Buddy Williams visited the house of representatives and was perched on a page's stool watching the proceedings when some of the members thought he was a page and put him to work. Buddy declared he didn't "want to visit the legislature again because there's too much work."

C. O. Patton of Milroy was in the city today.

Charles Carney of Glenwood attended to business here today.

Ralph Armstrong of New Salem was a business visitor here today.

Thomas Lawson, living three miles east of Milroy, was painfully hurt this morning while trying to remove a heavy timber from the loft of his barn. The middle finger on his right hand was severely mashed.

MISSIONARIES TO CONDUCT MEETING

Those Who Have Seen Services in Philippines, Japan and Belgian Congo Here Next Monday

TO BE AT CHRISTIAN CHURCH

Morning, Afternoon and Evening Sessions Will be Held and Interesting Exhibit Will be Shown

A missionary convention will be held at the Main Street Christian church next Monday. It will be conducted by the Rev. W. H. Hanna, of the Philippines, who will be assisted by the Rev. C. F. McCall of Japan, and the Rev. C. P. Hedges, of the Belgian Congo.

Mr. Hanna has spent fifteen years in the Philippines and knows the situation there thoroughly. He will speak briefly two or three times. Mr. McCall has spent seven years in Japan. He has been an evangelist and teacher.

Mr. Hedges has spent two terms in the Belgian Congo. He has done everything that any missionary is called upon to do. He has taught; he has preached; he has printed books; he has erected buildings; he has given medicine to those who are sick. He has a most interesting story to tell about the progress of the gospel in the Belgian Congo.

Several ministers and laymen of the district will also speak in the course of the day. The walls will be covered with maps and charts. There will be a table full of literature. This exhibit will be worth going a long way to see.

The service will open at ten o'clock and continue until twelve. The afternoon service will begin at two and continue until four. There will be a meeting at night at which pictures will be shown. These pictures illustrate the work on the fields.

Christians of all communions will be welcome. There will be no call for pledges or cash offerings. Admission will be free. The convention will be a great event in the life of the participating churches, it is declared.

RUSH COUNTY BANK GETS 2 BOND ISSUES

Sale Today of \$11,400 Worth to Build the Leander M. Carr and Theodore Humphrey Roads

FOUR OTHER BIDS OFFERED

The Rush County National bank was the successful bidder for two bond issues totaling \$1,400 this afternoon at the county treasurer's office. The issues were \$6,200 for the construction of the Leander M. Carr road in Anderson township and \$5,200 for the building of the Theodore Humphrey road in Richland township.

The Carr bonds brought \$115.94 premium and the Humphrey bonds brought a premium of \$97.54.

Other bids were as follows: Carr road—Breed, Elliott and Harrison, \$25; R. L. Dollings, \$62; Peoples National Bank, \$78; Rushville National Bank, \$93. Humphrey road—Breed, Elliott and Harrison, \$21; R. L. Dollings, \$52; Rushville National Bank, \$80; Peoples National Bank, \$65.

SHOOTS CARRIER PIGEON

Will Billings, living northwest of Milroy, killed a rare pigeon which is believed to be a carrier though no one who has seen it is certain what breed it is. A band around one of its legs led to the belief that it was a carrier. There was no message or identification mark on the bird. There was another flying with the pigeon killed, but it escaped.

FOUR SCHOOLS TO BE CONSOLIDATED

Buildings in Districts No. 1, 9, 10 and 11 in Rushville Condemned by State Board of Health

ANTICIPATED BY TRUSTEE

James V. Young Has Architect Working on Plans and Will Erect \$35,000 Building This Summer

Dr. W. C. Smith, county health commissioner, this morning received the official order from the state board of health condemning four school houses in Rushville township. The four schools are those previously mentioned as being inspected with this end in view. They are schools No. 1, No. 9, No. 10 and No. 11.

The order was read to Trustee J. V. Young as required by law and this afternoon notices were posted at all four of the schools that the buildings could not be used for school purposes after the close of the present term of school. Dr. Smith personally attended to the posting of the notices.

Trustee Young has anticipated the action of the health board and has an architect working on plans for a modern six-room building and will consolidate these four schools. The new building will be erected on the site of the Webb school known as district No. 10.

The new building will be fire-proof and it is hoped to have it completed in time for the opening of school next September. The estimated cost of the new consolidated school will be between \$30,000 and \$35,000. Will C. McGuire is the architect.

All four of the old buildings are in bad condition. While the trustee favored the change he had no authority to order the new building and the patrons of the schools co-operated by signing a petition asking for an inspection with a view of getting the buildings condemned.

It is planned to have a high school in connection with the new school, something that none of the four schools had previously. It is hoped to make the new building one of the finest in the county. All of the schools affected by the change are located south and southwest of the city.

JURY GIVES GIRL A JUDGMENT FOR \$1,000

Bertha Manning is Awarded This Sum in Breach of Promise Suit Against Chester L. Jinks.

JURORS OUT ONLY ONE HOUR

Bertha L. Manning was given a judgment for \$1,000 by the jury which heard her breach of promise suit against Chester L. Jinks. Miss Manning demanded the sum of \$5,000. The case went to the jury shortly before noon. No ballots were taken until after the jury returned from dinner and the verdict was brought in one hour later.

The closing arguments were started late yesterday afternoon and completed this morning. The arguments this morning between Chauncey Duncan and A. J. Ross became personal and it was necessary to send for the judge several times. Judge Sparks found it necessary to admonish the attorneys, telling them that their tactics were getting cheap.

The case attracted considerable attention, especially in Noble and Richland townships, where the parties reside. It is generally believed that Jinks' testimony aided Miss Manning's case as the story he told on the witness stand evidently was not taken seriously by the jury.

RECEIVERSHIP IS ASKED

Suit is Filed Against George W. Fleener on Account for \$100

Carl Sonnenschmidt and Herman Junge have filed suit against George W. Fleener, a florist of this city, demanding \$100 on an account and asking for a receiver. The complaint alleges that Fleener is indebted to the plaintiffs in the sum of \$76.12 and has transferred his property for the purpose of cheating his creditors. It is alleged that the property is liable to depreciate and for this reason a receiver is asked.

EFFIE CARNEY IS GRANTED DIVORCE

Decree Given Her on Cross-Complaint and She is Allowed \$2,800 and Child's Custody

William Cross is Given Possession of His Ten-Acre Farm From His Son Irvin Cross

Judge Sparks handed down two decisions this morning in cases he has under advisement, granting a divorce to Mrs. Effie Carney from Clarence Carney on her cross-complaint and giving William Cross possession of his ten acre farm from his son, Irvin Cross.

Mrs. Carney was given the sum of \$2,800 alimony, \$200 attorney fees, the custody of their minor child and an allowance of \$5 a week for the support of the child. This divorce suit was tried last term of court and attracted considerable attention because of the prominence of the parties.

Mr. Carney brought the action for divorce and Mrs. Carney fought the granting of a divorce to him on a cross-complaint. The alimony and attorney fees amounting in all to \$3,000 are to be paid as follows: \$1,000 within 60 days; \$1,000 within one year and the remaining \$1,000 within two years. Mr. Carney is to give security for these amounts within 30 days or the entire amount becomes due at once.

This is the largest alimony granted in a divorce suit in the local court in several years. In many cases the money question is agreed upon but in this case the entire case was left to the court. The costs of the case were assessed against the plaintiff, Mr. Carney.

In the Cross case the costs were placed against the defendant Irvin Cross. In this case father was arrayed against son. The suit started when trouble arose between William Cross and his daughter-in-law. She had him arrested and fined in a justice of peace's court and Cross then brought the possession suit.

The suit of the Whittaker Paper company against Froney L. Behrmer, Josephine Puntene, George Puntene and Will L. Newbold, on an account, demanding \$400, was dismissed and the costs paid.

U. S. MISSIONARY IS KILLED

Robert A. Hadden Loses Life When French Liner is Sunk.

(By United Press.)
London, Feb. 23.—Robert Allen Hadden, American missionary, was killed when the French liner Athon was sunk by a submarine 210 miles east of Malta on February 17, the state department announced today. The information reached the state department in a dispatch from the consul at Malta.

Dora Gwinnett of Andersonville was in the city today on business.

Charles Beach of New Salem spent the day here on business.

ATTENTION TURNS TO FOOD PROBLEM

President is Expected to Take Some Step to Force Appropriation For An Investigation

SCOFFS AT EMBARGO TALK

Car Tie-up Today Believed to be at Breaking Point—Appropriations to be Asked

(By United Press.)
Washington, Feb. 23.—The United States government today turned its attention to the national food problem. The president is expected to take some definite step to force an appropriation for an investigation of prices through congress.

In spite of the food riots and other spectacular evidences of acute suffering as a result of food shortages, officials here scoffed at reports of a possible embargo on all food shipments.

Congress expected to take definite action on the situation before adjourning. Representative Meyer London, New York, has introduced a bill asking for an appropriation of five million dollars with which to buy food to be resold at reasonable prices to the poor and a combination of senators is secretly making plans to ask one hundred million dollars for the same purpose.

The car tie-up in the opinion of the interstate commerce commission and railroad officials, was at the breaking point today. Railroads took advantage of the holiday yesterday and clearing weather to rush great strings of empty freight cars west at express train speed.

An amendment to the revenue bill empowering the president to seize foodstuffs "wrongfully held for the purpose of unjust increases in prices" in violation of anti-trust laws was introduced in the senate today by Senator Lewis, administration leader.

The amendment is aimed at the gold storage interests which the federal trade commission is known to hold largely responsible for the present food price situation.

The amendment provides that food thus confiscated are to be at once sold by the federal government "to those whose necessities are first to be met."

FOOD RIOTS CONTINUE

Steps Being Taken for Release of Situation at Albany

(By United Press.)
New York, Feb. 23.—Food rioting continued today in New York as the length of Sabbath food buying among Jewish people was reached. Steps for release of the situation were being taken at Albany. Governor Whitman has approved a bill which would establish a food dictator for the state. The demands will be made on city officials to appropriate one million dollars to open municipal stores and another million to be turned over for school lunches, and that steps be taken for the government to take over railway systems for food transportation. Other demands will be that food shipments will be given preference over all others; that cities seek a commission to regulate food shipments and that a demand be made on the legislature that will give power to the state to relieve the situation.

2-WEEKS-OLD CHILD DIED

The two-weeks-old child of Mr. and Mrs. Harry Lyons, living three miles north of Milroy, died last night of leakage of the heart and burial took place at the Milroy cemetery after brief services were held at the residence, conducted by the Rev. H. F. Philippi of the Milroy Christian church this afternoon.

WOMEN TO CAST FIRST BALLOT SEPTEMBER 18

Indiana House Passes Suffrage Bill Earlier Approved by House and Governor Will Sign It.

WHAT THEY MAY VOTE FOR

Rush county women will have their first opportunity to cast a ballot in the election September 18 when this county will select a delegate to represent it at the state constitutional convention to meet in Indianapolis next January. The state house of representatives passed the Maston-McKinley bill, previously passed by

the senate late yesterday afternoon, 67 to 24. The Daily Republican received a dispatch from Indianapolis to this effect yesterday evening at 5:30. The bill was passed under suspension of rules as predicted in Indianapolis dispatches to the Republican yesterday afternoon. The law will take effect, probably in April, after the governor has signed it and has proclaimed the enforcement of all laws enacted at this session. Women may vote for constitutional convention delegates, presidential electors, ratification of new constitution, attorney general, state statistician, geologist, reporter of supreme court, judges of appellate, supreme, criminal, probate and juvenile courts, county councilman, county assessor, township trustee, advisory board, assessor and all school officials elected by the people.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush county, state of Indiana, administrator of the estate of Peter Mauzy, late of Rush county, deceased.

Said estate is supposed to be solvent. GREELEY P. MAUZY, Feb. 15, 1917. Administrator. Young and Young, Attorneys, Feb 16-23-Mar 2

WANT ADS BRING RESULTS

DID YOU EVER SEE A CAT STRIKE?

Sleepy old cat lying by a rat hole. Lazy, half asleep—then biff!

Say, if you could strike as quick and hard as that you could make Jess Willard look sick! Why don't you let your tired body muscles sleep until the right moment—and then—biff! It's all in being able to relax.

One of the greatest aids ever given to man for soothing tired muscles, overworked muscles, is Speedway Liniment. It goes right in through the skin and relieves those sore, overworked ligaments. It's soothing—restful—and wonderfully upbuilding. Trouble with most people is that there are too many little biffs, little throbs, little aches that we don't take care of and soon the muscles lose their pep and come back. Try Speedway Liniment. Put it on full strength with a good brisk rub. It does not blister—nor stain—nor injure the most delicate fabric. Pleasant to use as toilet water. Relieves neuralgia, rheumatism, sprains, bruises, soreness anywhere. In 25c, 50c and \$1.00 sizes at Hargrove & Mullin and F. B. Johnson & Co. Just try it.—(Adv.)

Smith Form-a-Truck

Gives the Farmer the Best and Cheapest Hauling in the World

Thousands of the country's best concerns, big and little, have proven that the Smith Form-a-Truck furnishes the lowest possible hauling cost, and the best hauling and delivery service.

Now the wonderful Smith Form-a-Truck 8-in-1 Convertible Farm Body makes this low cost hauling fully as useful on the farm as it is in every other line of business.

A Smith Form-a-Truck with this 8-in-1 body will do all the hauling that two good two-horse teams can do. It will do this work at half the cost, and this body is adapted to every farm purpose.

"You Can't Wear It Out and You Can't Make It Rattle."

Our present stock enables us to make immediate deliveries.

Call or write for a demonstration today.

SHELBYVILLE IS
GIVEN FIRST PLACE

Rushville Degree Staff Has to be Content With Second at Competition of Teams Here

DISTRICT MEETING CLOSES

There is Still Chance That Rushville and Shelbyville may be Contestants at Indianapolis

The Shelbyville degree team of the Rebekah lodge was awarded first place in the competitive degree work at the close of the district meeting here last night. The Rushville team was given second place. The other degree teams stood as follows: Milroy, third; Knightstown, fourth and McCordsville, fifth.

The rivalry was keen and Shelbyville and Rushville staged a pretty fight. The judges gave Shelbyville a mark of 92 1/5 per cent and Rushville 89 4/5 per cent. Milroy ranked third with 86 per cent, Knightstown, 84 per cent and McCordsville 77 per cent. The grades given Rushville and Shelbyville were the highest received in any of the district meetings held thus far and over half of the districts have held their meetings.

There is a chance that both Shelbyville and Rushville will compete at the state meeting. The two highest teams in the state compete at the state meeting and should no team in the remaining district meetings receive as high a grade as either of these two, then Rushville and Shelbyville would meet before the state assembly. The grading was as follows: 50 per cent for ritualistic work, 25 per cent for unwritten work, fifteen per cent for dramatic work and ten percent for floor work. Rushville secured the best grades in the last three classes, but Shelbyville excelled in the ritualistic work.

The degree work was conferred on a class of ten candidates. Each team was given two candidates and the grading was done on the work conferred on these candidates. The judges were Miss Florence McGregor, Mrs. Harriet Spekenbier and Mrs. R. H. Hollywood.

Even a larger crowd attended the night meeting than yesterday afternoon. The state officers of the Rebekah lodge declared that the meeting here was the most successful of any yet held and complimented the local people who had the meeting in charge.

Miss Eleanor Dudgeon, who has been ill for the past week with appendicitis, is rapidly recovering.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them, 10c and 25c per box. All druggists.

Haydon has plenty of 2 foot galvanized troughs made from 20 gauge iron. Don't compare them with a 24 gauge trough. 29363.

Don't Cultivate Worries

One day recently I was sitting in the writing room of one of the large shops waiting for mother who was to meet me there and help me select an afternoon dress. Having finished writing one or two notes, I glanced at my wrist watch and finding it time for mother to arrive, began to don my cloak and pick up the gloves, bag and parcel I had laid on a neighborhood chair.

Stooping to pick up one of the gloves which had fallen to the floor, I accidentally knocked someone's elbow. Turning about with an "Oh, I beg your pardon." I came face to face with an old school friend whom I hadn't seen in over five years.

So changed was her appearance that I am afraid I wouldn't have recognized her if it hadn't been for her beautiful eyes. There were still attractive, even though her skin had lost its glow and her face was wrinkled terribly for so young a girl.

"Anita Stewart!" she exclaimed. "You certainly are a welcome sight. I was only saying last night that I must visit you some time soon."

At this juncture mother came up, and as we both wanted to talk to each other she suggested that we go

upstairs and have some tea after which we could do our shopping.

As we shot upward in the elevator, mother asked Alice about her mother and sisters. That's how this little story became known: It seems that her father's death had left them in financial straits, and it was easy to see that she was quickly cultivating an unhappy disposition.

"All the responsibility has fallen upon me," she continued, "I don't know what's the matter with the two other girls. They seem to realize our plight, but they never worry. In fact, they generally manage to have a song on their lips, and will absolutely refuse to talk of things."

"Why dear," answered mother, "you should follow their example. Worry never gave any of us help or added to our attractiveness. Why don't you try a bit of singing now and then, I'm sure it would help you."

And now let me tell you what a robber Alice's worries have been to her. They have stolen practically all of her former charm. They haven't done her any good, but they have done her all sorts of hurt.

Another thing—half the worry in this world is useless—half the things we dread never happen.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Mrs. Howard Carmichael and her mother, Mrs. Thompson, are entertaining at their home in North Main street today Mrs. Kate Bruner, Mrs. Nancy Stitt and Mrs. Elizabeth Hume. A bountiful dinner was served at noon.

Mrs. Ray Lakin entertained several friends informally last evening at her home in North Harrison street honoring her brother, Bernie Beaver, and wife of Detroit, Mich., who are visiting here. A social evening was enjoyed and refreshments were served.

Mrs. Harrie Jones will have the last meeting of the Donnan class at her home at 837 North Harrison street tomorrow afternoon, beginning at 2:30 o'clock. This will complete the series of talks by Miss Margaret Donnan of Indianapolis on modern novels.

Appointments suggestive of Washington's birthday lent a festive air to the meeting of the "500" Club held at the home of Miss Hettie Retherford in West Fifth street last evening. The twelve club members were engaged in rounds of "500" during the course of the pleasant evening. For the service of the one course luncheon, the small tables were decorated with tiny hatchets and the guests received favors of small cherries. Mrs. Jesse Poe will have the next meeting of the club in two weeks.

A number of guests from the surrounding high schools are already arriving for the tournament tomorrow. Miss Margaret Wells and Miss Kathryn Israel of Shelbyville are the house-guests of the Misses Margaret and Joan Weakley. This evening, Miss Margaret Weakley is entertaining a group of friends honoring the attractive visitors. Miss Magdaline Arbuckle, Miss Joan Weakley and Cyril Arbuckle are also entertaining this evening at the home of Miss Arbuckle honoring Arthur Shelk of Shelbyville. A group of high school students have been invited in his honor.

MAYR'S WONDERFUL REMEDY
For **STOMACH** trouble
ONE DOSE WILL CONVINCE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Acute Indigestion, Appendicitis, Gastritis, and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by Frank E. Wolcott, and druggists everywhere.

The members of the Tri Kappa sorority will be entertained on Monday evening by Mrs. Roy E. Harrold at her home in North Perkins street.

Mrs. Demarehus Brown of Indianapolis will speak on "Antony and Cleopatra, a Drama of Tragedy" before the members of the Monday Circle and their guests on Monday afternoon of next week at the home of Mrs. Ned Abercrombie in North Main street.

Honoring his birthday, Howard Carmichael was pleasantly surprised at his home in North Main street Wednesday evening when a six o'clock dinner was given in his honor by Mrs. Carmichael. Guests for the elegant dinner were Mr. and Mrs. B. O. Simpson, Mrs. J. W. Carmichael, Miss Bertha Carmichael and Mrs. Thompson.

Mrs. Norman Crum entertained the members of the Yomo Club at her home yesterday afternoon, providing a very pleasant afternoon for the club members of which there were five present. Sewing provided entertainment preceding the service of a dainty salad course. Mrs. Emmet Pegley will have the next meeting of the club.

There was a large attendance of the members of the Burr Oak Camp 3548, Modern Woodmen of America, at the meeting last evening and the social committee, true to their promise, served a chicken supper which was highly enjoyed by every member. After the supper the beneficial and fraternal degrees were conferred on one candidate. The social committee is promising another treat for next Thursday evening, the nature of which will not be known until revealed in the camp room.

At the delightful meeting of the Social Dozen held at the home of Mrs. Jesse Poe in North Morgan street yesterday afternoon, appointments were used suggestive of the birthday of George Washington. In their customary agreeable manner, the club members spent a social afternoon and later were invited into the dining room where the table was pretty with favors of the day. The places were marked by tiny hatchets bearing the names of the guests. The luncheon was a delicious two-course affair.

An inspiring patriotic service was given by the members of the W. R. C. in the assembly room of the court house yesterday afternoon honoring the birthday of George Washington. The singing of "America" opened the program which was followed by a prayer by the Rev. S. G. Huntington. Interesting papers were read by Mrs.

Will Trennepohl and Mrs. Selman Webb on the life of George Washington and Miss Ellen Vickery gave an excellent talk on the life of the national hero. The Corps will meet again next Wednesday. On April 6th a Grand Army Day will be held when a program will be given for the old soldiers and a large flag presented to them.

American flags, hatchets, and the many other pretty suggestions used nowadays honoring the birthday of George Washington, formed the principal decorative scheme in giving a very patriotic appearance to the pretty home of Mrs. Albert Winship in North Main street when she and Mrs. Alvan Moor entertained a number of their friends yesterday afternoon. Immense American flags were draped in the openings between the spacious rooms. Red hatchets were scattered profusely, upon the mantles and walls. The dining room, too, was pretty with decorations of the national colors and candles of red, white and blue banded on the dining table. They were held in crystal holders.

Mrs. Edwins, a very talented reader from Indianapolis, gave a number of delightful readings during the informal program and her readings were interspersed with selections on the Edison. Mrs. Edwins was very artistic in her impersonations, particularly those in which she represented child life with her realistic dialect. Her selections were popular, too, because of their variation, and she carried her hearers from a very pathetic scene to a very humorous one by her quick change from one mood to another. One of her best numbers was "Absolution." Too she read "The Land of Beginning Again" and she opened the program with Riley's "Old Glory." Another dialect was shown in "Candle Lightin' Time." Her pictures of little folks were given by any number of selections. Some of the most popular were "The Be-settinst Sin," "Didn't He Charlie" and those in which she portrayed the child's visit to the "Slave Store Man," the girl's picture of the advantages of being a boy and many others which were very characteristic of child life.

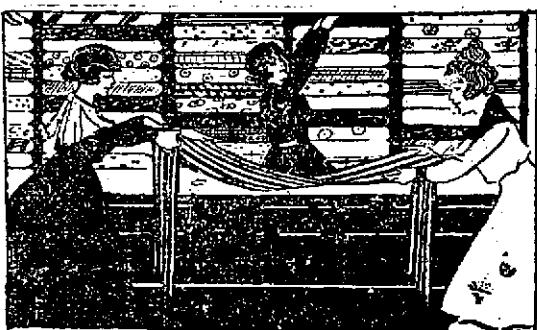

The social hour which concluded the afternoon was marked by the service of an elegant one course luncheon. A tiny silk American flag was perched in the ice and given as a favor to each guest. During the service of the luncheon, the hostesses were assisted by Mrs. J. V. Young, Mrs. Francis Moor, Mrs. Minnie Abercrombie, Mrs. Bert Davidson, Miss Mary Amos, Mrs. Earl Winship, and Mrs. Charles Winship.

SEES THE NEED OF GRAVE MEASURES

Lloyd George Tells Commons There is But One Means to Deal With Submarine Issue

MUST HUNT U-BOATS FROM SEA

(By United Press.) London, Feb. 23.—"Gravest measures are necessary otherwise there will be disaster," Premier Lloyd George declared in the house of commons today, discussing the shipping question.

"There is a shortage of tonnage not only for ordinary needs but for military necessities as well," the prime minister declared. He asserted that "enormous sacrifices" will be required from the British people to achieve a victory.

"The government hopes to deal effectively with the submarine question," he continued, "but we can not rest on this hope. There is no sure

means to victory without hunting submarines from the sea."

"We must find ships to bear iron ore at all costs," he said.

Lloyd George proposed to dispense with all non-essential imports, including timber. He addressed commons on the question of restriction of shipping.

CARD OF THANKS

We wish to express our gratitude to the pastor Rev. W. M. Whitsitt also the choir and members of the St. Paul's M. E. church, to Wm. M. Sparks. We also wish to extend our appreciation to the Knights of Pythias and the Uniform Rank and all the lodges and the beautiful floral offerings given in honor of our dear father Jesse K. Jamison.

From his two daughters of Indianapolis, Mrs. Wm. Dalton and Mrs. Martin Cain.

Russell Kirkpatrick, who has completed his work in Indiana university, has returned to the home of his parents, Mr. and Mrs. S. D. Kirkpatrick, northwest of the city.

Miss Ruth Spivey will see "The Passing Show" in Indianapolis this evening and spent the week-end with friends.

WEDGE GAINS 4 POUNDS WEIGHT

Elkhart Man Tells How Tanlac Banished Troubles of Eight Year's Duration

Elkhart, Ind., Feb. 22.—"I've gained four pounds and feel better in every single respect since taking one bottle of Tanlac," T. A. Wedge, well known machinist of 168 State street, this city, said on December 15.

"For more than eight years I suffered severely from stomach trouble," Mr. Wedge continued. "My appetite was poor. Many foods that I really liked I couldn't eat because of the bad after effects. My food was never digested properly. I suffered from a dull headache nearly all the time. There was a bad taste in my mouth constantly. I didn't rest well at night.

"Friends recommended Tanlac to me so highly that I decided to try it. It certainly has benefited me. Since taking Tanlac the dull headaches that bothered me almost constantly have vanished completely. My appetite is good now and I can eat anything I care for without fear of bad after effects.

"Yes, sir, Tanlac has helped me greatly and I gladly recommend it. Anyone who suffers as I did will find Tanlac just what they need."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like.

Tanlac is now being introduced in Rushville at F. E. Wolcott's Drug Store; in Arlington at Mrs. L. T. Davis'; in Carthage at J. H. McCarthy and Sons and in Milroy at Barton's and Sheppards.(Adv.)

NEWSPAPERS ARE SUPPORTING BILL

They Furnish Basis for Hope That Excise Tax Measure Will Pass Senate as Well as House

COMMENT OF NEWSPAPERS

Indiana Daily Times, Unreasonable in Opposition to Administration, Comes Out for Bill

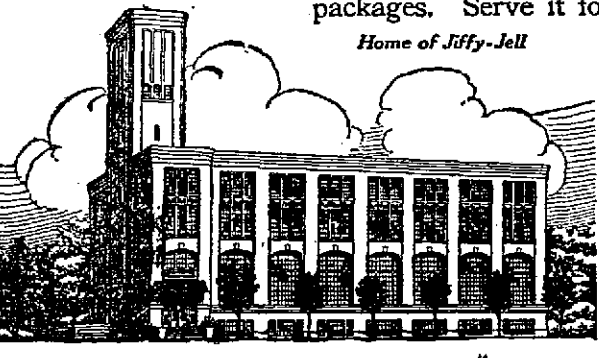

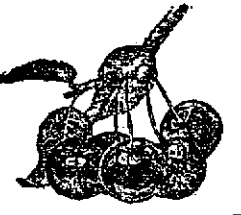

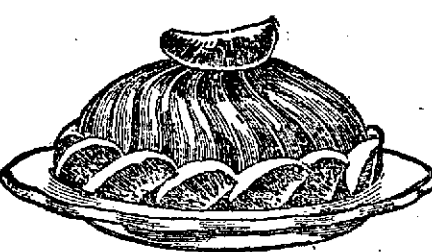

Indianapolis, Ind., Feb. 23.—The courageous and effective manner in which Governor Goodrich is meeting the opposition that has been raised to his proposed excise tax legislation is commanding the admiration and respect of his most consistent critics and opponents. He has been able to meet every argument made against this bill by the corporation interests with the result that some of the most violent objectors at the time the proposal was first made are now with him championing his ideas. The Governor appeared before a hostile audience of representatives of corporations at Lafayette Monday night and before he had finished speaking in regard to the measure the majority of his auditors had come to the conclusion that he was right and that his suggestions should be favored in the interest of the state's welfare.

Even the Indiana Daily Times, which has been violent, unreasonable and blind in its consistent opposition to any measures approved by Governor Goodrich has had to admit publicly that his excise tax proposal is in the interest of Indiana and her taxpayers. The following is from a recent issue of this paper:

"Foreign and domestic corporations doing business in Indiana enjoy valuable rights, privileges, immunities and profit opportunities under the franchises granted by the people of the state. Under the existing system a fee is charged the corporation at the time of its incorporation or at the time it applies for the right to do business in Indiana, but during the long term of years for which the concern gets the

Jiffy-Jell

The Supreme Dessert

Jiffy-Jell has changed all conceptions of jelly desserts. It has spoiled the taste for all the old kinds. In six months Jiffy-Jell has become—from coast to coast—the supreme dessert. Those of you who have always thought the old-time gelatine desserts delicious creations will find Jiffy-Jell twice as enticing.

In Jiffy-Jell each flavor is made from the fresh ripe fruit. It is made by reducing the fresh fruit juice until a few drops embody the flavor from a large amount of fruit. So Jiffy-Jell in any flavor has the real fruit snap and zest.

Then each flavor is sealed in a vial. In this way it keeps its freshness until used. You

always get the tang of the fresh ripe fruit. In the old jelly desserts you poured boiling water on the flavored gelatine powder. The result was to scald the flavor.

In Jiffy-Jell the flavor is not added until the jelly has partly cooled. That's why Jiffy-Jell has the taste of fresh crushed fruit and not of cooked fruit.

Tell your grocer to send you one or two packages. Serve it for dinner today or tomorrow and hear what the family say. But be sure you get Jiffy-Jell with the flavor in a vial.

It will show you a way to add delight to a thousand future dinners.

Home of Jiffy-Jell

While you are in, look through our exclusive line of high grade aluminum ware and housefurnishings. See our window display.

These kettles are sold at such a low figure that None will be delivered.

The Mauzy Co.

What it Cost Not to Have Business Insurance.

Two brothers of one of the oldest families of a community inherited money and made money; did business together. Both married.

A few months ago one died, without life insurance payable to his business.

His wife decided she did not care to have her money left in the business, and under prevailing business conditions the brother could not conveniently buy out the estate.

Agreeing on the price with the sister-in-law was not easy.

Just when orders were beginning to pile up and much prosperity was in sight, the business was closed out for the benefit of their competitors, not only at a loss to the wife of the deceased brother, but, also, throwing the remaining brother out of a business that had been prosperous for a generation.

OMER COLLIER
District Agent — 215 Main Street
Massachusetts Mutual Life Insurance Co.

rights, powers, immunities, privileges and gainful opportunities provided by the franchise or license granted by the state, no other special fee or special charge is collected.

"Yet from year to year the corporation continues to reap profits under its franchise, protected by the state, enabled to live and to do business by and under the state's favor. There is no good reason under the sun why the corporation, either domestic or outside the state, should not pay the state an annual excise tax for the privilege of doing business in Indiana. For example, a \$10,000 company, getting its articles of incorporation, pays a fee for its articles of incorporation amounting to \$11. The franchise runs fifty years. It costs for the fifty years, exactly \$11 and no more. Its benefits are continuing; its privileges extend over the period of half a century. All for \$11. It is not enough. The people should have a fair annual fee for that valuable franchise. The corporation would not keep or desire the franchise if that franchise were not profitable and valuable. The corporation should pay the people adequately and fairly for such a valued franchise."

The hearty support that is being accorded the excise tax bill by the press of Indiana furnishes the basis of the hope entertained by friends of the administration that this bill will finally pass the senate by as wide a margin as it did in the house. The Indianapolis News, the Indianapolis Star, the Lafayette Journal and other strong and influential papers in all parts of the state are vigorous in their support of the excise tax bill. The few papers that are responding to the call of the corporations and are fighting the bill are making themselves ridiculous in the public mind because of their woeful lack of information. One newspaper sagely observed that the enactment of the excise tax law would drive corporations that are now doing business in Indiana into other states. Apparently this paper did not know that an excise tax is imposed in thirty-five states in the union and that in every one of them the rate is higher than that proposed for Indiana. In urging support for the excise tax bill, the Lafayette Journal said:

"Corporation representatives argue that these organizations pay taxes upon the value of their property the same as does the individual. This is

DETROIT TIGERS AFTER PENNANT

Predicted That Jennings Will Have Strongest Team Ever Representing That City.

DOPESTERS ARE GUESSING

Old Infield is Expected to be as Good as Ever and Outfield is Better Than Formerly

(By United Press.)
Detroit, Mich., Feb. 23.—The prediction is justified that Detroit will have the strongest team this year that has represented it in an American league race since the old championship days. There is, nevertheless, an atmosphere of uncertainty about the club that has local dopesters guessing.

The outlook is bright, but there is a calamity hunch prevalent. On form, the team should be exactly as strong on attack as it was in 1915 and again in 1916. In addition there should be an improved pitching staff.

Five outfielders will be taken to the training camp at Waxahachie, Tex. Of these, Cobb and Veach will play regularly. Whether Crawford will again appear in right is a question. Understanding him will be Harper and Nicholson, newcomers to the circuit, and possibly Harry Heilmann, the hard-hitting first baseman who appeared to advantage early last season. Crawford couldn't play half the time in 1916, and he averaged barely a putout a game for those in which he did appear. Wahoo Sam probably is through.

The old infield of Burns, Young, Bush and Vitt is expected to be as good as ever. Reinforcing the infield will be rockies Dyer, Ellison and Jones, all good batsmen. It is planned to carry them throughout the season as pinch hitters and emergency men. They will be developed to take regular berths two or three seasons hence.

Stanage and "Tub" Spencer will do the catching. Spencer came back to the majors last fall, and was able to break into a score or more games. He demonstrated that he could maul major league pitching. His average was .371 and his back-stopping was of the highest order. Second string catchers will be McKee and Yells, the latter a recruit from the International league.

There is no good reason to expect ill of this array of talent. It has the class. There is a weakness in right field, but there was there last season and wasn't disastrous.

The pitching, as usual for the Tigers, will prove the big problem. Harry Coveleskie always wins his twenty games or more, and will be the anchor man. Dabue is gone, his place having been taken by Howard Ehmke, a young right hander who made a good record in the York State League and then showed class in the majors during the closing weeks of the season. He is ranked as a find.

Bill James will get into shape this

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid almost as fast as water does sugar.

A WELL-KNOWN PHYSICIAN ADVISES MARVELOUS HERBAL MEDICINE.

Elkhart, Ind.—"Dr. Pierce's Favorite Prescription is truly a wonderful medicine for women. Several years ago I had an operation. For a whole year afterwards I suffered with intense abdominal pains and became a nervous wreck. I became greatly discouraged because my doctor's medicine gave me so little relief and I think he was rather discouraged, too, for it was he who advised me to try 'Favorite Prescription.' His wife had been a nurse and he said she had seen some wonderful results with this medicine. The third day after I commenced taking it my nerves were quiet, appetite improved and I could sleep. In a month I felt and looked like a different woman."—Mrs. Frances M. Kirtland, 623 Fourth St.

Moline Universal

A Practical Tractor for All Field Work

A Proven Success

Plowing is the slowest and most important work on the farm. Therefore, a tractor to be satisfactory must be able to fulfill plowing requirements. The Moline-Universal Tractor will plow from 4 to 12 acres a day. This is more than enough for the average size farm.

If the Moline-Universal were large enough to pull three or four plow bottoms, it would be too large for other field work, such as cultivating, mowing, etc., and for work in small fields. It would have to be heavy and cumbersome, thus packing the soil and decreasing the yield of the crop as the heavy tractors do. It would also cost too much to operate.

For plowing, one wheel is run in the furrow, which makes the tractor practically self-steering and leaves only 1400 pounds of weight traveling on the surface of the unplowed land. The wheel in the furrow insures an even width for the front furrow.

The body of the tractor stands level with one wheel in the furrow. To accomplish this the left drive wheel is moved up on the frame through a slot and is locked by two bolts. A truss bar between the bull pinion and the axle holds the wheel true to the pinion in either position. One man can easily and quickly raise or lower the wheel.

Moline-Universal Power-Lift Plow

No standard horse-drawn plow is heavy enough to withstand the enormous strain when pulled by a powerful tractor. If the plow does poor work the whole outfit is not satisfactory.

As much consideration has been given to the design and construction of the Moline-Universal Plow as has been given to the tractor itself. The lift of the plow, the placing of the depth levers within easy reach of the operator, the power lift, the arrangement to prevent trash from choking or clogging the face of the furrow and the land wheel, and every other vital point for successful plowing have been carefully designed and thoroughly tested.

One of the most important features of the Moline-Universal Plow is its ability to back in the furrow or at the end of the field. This feature makes plowing with the Moline-Universal Tractor strictly a one-man operating proposition at all times.

Furnished with steel bottoms or chilled bases to suit any soil conditions.

Ample Clearance for Cultivating

The fact that the Moline-Universal Tractor can be used for cultivating as well as other field work, puts it in a class by itself. It has 31 inches vertical clearance. The ordinary cultivator has only from 29 to 30 inches arch clearance.

On exhibition at 731 N. Perkins St. For further information see

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

ROMANCE INJECTED INTO SILK MAKING

Educational Picture Will be Shown at Princess Theater Tuesday—Arranged for by Callaghan Co.

TWO MATINEES ARE OFFERED

The Callaghan company has announced a complimentary matinee showing of "The Romance of Silk," a motion picture, at the Princess theater next Tuesday. The shows will be given at 2:15 and 3:15. The picture is released by the Vitagraph company under the direction of Belding & Co., and is one of Vitagraph's educational series shown at regular prices.

It required eight years to make the picture, it is said. A romance is woven about the manufacture of silk, which dates back to 1700 B. C. when S. Ling-Chi, the 14-year-old wife of a Chinese emperor, discovered its uses. The thirty-day growth of the silk worm, the graceful spinning of the cocoon, the skillful process of reeling the silk from the fragile cocoons to the finished skeins, and the many different methods of the manufacture of silk thread and silk goods from the raw silk of commerce—all this and more too is shown in the picture. The industry thus depicted is one which combines the native skill and deftness of the Oriental with the modern inventive genius and science of the American.

Tickets for the showing may be obtained at the Callaghan company's store.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush county, state of Indiana, administrator of the estate of Peter Mauzy, late of Rush county, deceased.

Said estate is supposed to be solvent.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

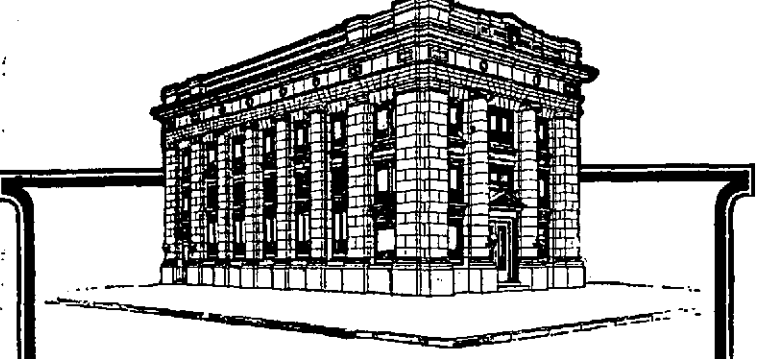

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

WORSE THINGS THAN SLAUGHTER

William G. Shepherd Says Dying and Killing Are Not Most Terrible Things of War.

GOT ACCUSTOMED TO SIGHT
Seeing Great Bodies of Men Being Driven Makes Him Think of Them as Beasts.

BY WILLIAM G. SHEPHERD.
(Quoted from Current Issue of Every Week.)

New York, Feb. 23.—Those of you who followed the things I wrote for the Daily Republican and the United Press may have been impressed with the horror of slaughter among the fighting people in Europe.

But there are worse things in war than slaughter. In the current issue of Every Week I have told what those things are; and a summarized quotation from that story may interest you:

"Isn't the slaughter terrible?"
Everybody who returns to the United States from the war in Europe is asked this question, trite as it seems. My answer must always be:

"Dying or killing are not the most terrible things that war brings to a man, woman or child. In Europe you see worse things than dying or killing. Worse things happen to European folk than being killed or crippled."

The first dead man I saw in the war, back in those early and old-time days in Belgium, struck me as having been uselessly murdered, and the sight left a baleful impression on my mind, for a time. To my surprise, however, I soon beheld such sights without emotion. But there was one sight—one manifestation of the horrors of war—that I could not accustom myself to view without a mental shudder. This was the sight of vast bodies of men marching or camping.

There they were, men of family, of business, of ideals, of religion, all brought down to the same level—all alike. Like barrels whose hoops have been removed, these men, individually, in their lives and in their characters have fallen apart since the binding support of their home en-

vironment has been taken away from round about them. The impression that they were like animals, like herded, unthinking beasts, was so strong upon me that at night in my sleep, instead of seeing dead and mangled bodies, I saw in my dreams vast bodies of soldiers passing before me, each man wearing the head of some beast instead of his own. They were not brutal, leonine men-animals I saw; only patient, dumb, obedient, long-suffering, kindly ones, such as cattle, deer, horses, dogs.

To be turned into such a man is worse than death, and among thinking men in the six armies that I saw at close range I often found soldiers and officers who realized what sort of beings they had become. There are penalties just short of death for men in the various armies who sicken of being unthinking men-animals and try to find a way out of their plight by suicide—who stick their heads above the trenches or who wound themselves with their own rifles.

The moral and mental disintegra-

"TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, aching feet—no corns or callouses.

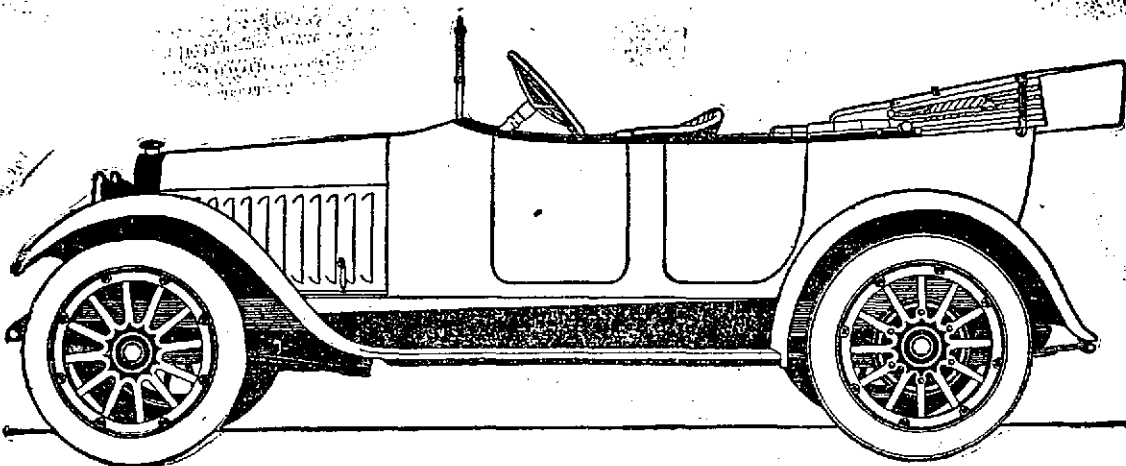

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort.

"Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

Buy This Chalmers Six-30 Now
